Senate of Pennsylvania

Dear Community Leader:

I am pleased to provide you with an updated resource that will help you, local groups and residents find grants and other resources in government.

From the Department of Aging to the state Treasury to the Pennsylvania Housing Finance Authority, the Pennsylvania Grant Directory is a great starting point for constituents and organizations seeking financial support for their work and ideas.

Some state grant programs have limited eligibility in which only municipalities, school districts and nonprofit organizations can apply. And, it is important to note that some grant, loan and assistance programs change each fiscal year. It is best to check websites or contact the appropriate agency to learn about the current status of any program.

If you need additional assistance, please contact my office.

Sincerely,

Judy Schwank
State Senator – 11th District

RESOURCE / GRANT

INFORMATION / CONTACT

As the designated state unit on aging, the department upholds the provisions of the Older Americans Act as well as Pennsylvania's Act 70 of 1978. Many programs and services are available through an aging network that consists of 52 Area Agencies on Aging (AAAs), which cover all 67 counties in the commonwealth. To locate the nearest AAA or senior community center, or for more information on the Department of Aging programs, please visit www.aging.pa.gov. The department also publishes an annual guidebook called "Benefits and Rights for Older Pennsylvanians," which lists sources of help and information available to older Pennsylvanians. To obtain a copy, contact your representative or senator. The publication is also available online at www.aging.pa.gov.

THE AGING SERVICES NETWORK

Adult Day Services Centers—Technically known as Older Adult Daily Living Centers (OADLCs), this community-based program provides a protective environment for older adults and adults with a dementia-related disease, offering those who are not capable of full-time independent living an alternative to institutionalization. The Department of Aging inspects and licenses adult day service centers on an annual basis. In addition to performing annual licensure inspections, the department's Division of Licensing provides technical assistance to licensed centers to help them provide quality service to older Pennsylvanians.

For more information or to find out if funding is available to help subsidize the cost of adult day services, please contact your local Area Agency on Aging, visit www.aging.pa.gov or call 717-214-6716

Domiciliary Care (Dom Care)—The Domiciliary Care (Dom Care) program provides a supervised, homelike living arrangement for adults age 18 and older who are unable to live independently in the community. Dom Care homes are certified by the local Area Agency on Aging for three or fewer residents. Area Agencies on Aging match eligible residents to Dom Care providers with consideration of their mutual needs, preferences, and interests. Area Agencies on Aging also provide ongoing care management services to residents and conduct annual Dom Care home inspections. Residents of the Dom Care home receive assistance with self-help activities such as bathing, grooming, and laundry. Dom Care providers assure the resident receives nutritious meals, transportation to medical appointments, and assistance with self-administration of medication, when needed. Dom Care providers are typically individuals who open their homes and are willing to provide residents with housing, support, care, and encouragement in a family-like setting. They participate in a certification process to make sure their home meets health and safety requirements. The success of the Dom Care program is dependent upon these nurturing individuals who have the desire to give daily, personalized care and attention to residents and encourage a sense of belonging and independence in their own home.

For more information, contact your local Area Agency on Aging

Elder Cottage Housing Opportunity (ECHO)—The Pennsylvania Department of Aging partners with the Pennsylvania Association of Area Agencies on Aging (P4A) to offer the Elder Cottage Housing Opportunity (ECHO). Elder cottages are small, separate, manufactured residences for older adults that are temporarily placed in the side or backyard of a host family (relatives or close friends). The arrangement provides independence and privacy for its resident along with easy access to family or friends who

can provide assistance. When living requirements of the resident change, the cottage will be relocated to the home of another host family. All seniors served are lower income and pay no more than 30% of their monthly incomes to reside in the cottage. The cottages will be made available through a local collaboration between the Area Agencies on Aging (AAAs) and a local housing partner.

There are currently cottages in the following counties/AAAs service areas:

- Centre
- Clearfield
- Fayette
- Huntingdon/Bedford/Fulton
- Lackawanna
- Union/Snyder
- Wayne
- Westmoreland

Health & Wellness Program—The Department of Aging’s health and wellness program is designed to educate and enable older Pennsylvanians to remain healthy and independent for as long as possible. The program focuses on key wellness areas, including exercise, nutrition, chronic conditions, injury prevention, medication management and behavioral health. A variety of free education, health and wellness programs, including evidence-based wellness programs and activities are available in your local community.

For more information, contact your local Area Agency on Aging or, for general questions, call the department at 717-783-1550

Modernization of Senior Community Centers—The Department of Aging offers grant opportunities for senior community centers to modernize their facilities and improve their programs and services, consistent with the goals and direction of the State Plan on Aging. The objective is to help senior centers prepare for changing demographics and make them more attractive to a younger aging population. The department issues these funds through a competitive grant process.

Details can be obtained online at www.aging.pa.gov or call 717-783-1550

Nutrition Services—The Department of Aging provides for quality nutrition services to older Pennsylvanians through: senior community center and home-delivered meals, nutrition education and personalized assessments, assistance with applying for Supplemental Nutrition Assistance Program (SNAP), and information and online resources. Nutritious meals are available to individuals age 60 or older and their spouses at various senior community centers across the state. Meals are available either on location at the center (congregate meals) or they can be delivered directly to eligible individuals who have nutritional needs or are nutritionally at-risk through the department’s OPTIONS Program. Meals are provided free of charge but participants may give an anonymous donation to help offset the cost of the service.

For local resources, contact your local Area Agency on Aging or visit www.feedingpa.org. For more information on the department’s nutrition programs, call 717-783-1550

Older Adult Protective Services—The Pennsylvania Department of Aging is responsible for the implementation and oversight of the Older Adults Protective Services Act (OAPSA) for adults 60 years of age and over. OAPSA provides services necessary to protect the health, safety and welfare of older adults who lack the capacity to protect themselves and who are at imminent risk of abuse, neglect, exploitation or abandonment. This law also

safeguards the rights of older adults while providing for the detection, reduction, correction or elimination of abuse, neglect, exploitation and abandonment. The department works closely with the 52 Area Agencies on Aging (AAA), which administer the older adults' protective services program at the local level. The local AAAs are responsible for intake of reports, investigation into allegations of all types of abuse and providing protective services to older adults. Within the department, the Protective Services Office is responsible for conducting quality assurance reviews and providing technical assistance to local protective services programs across the commonwealth. Reports may be made on behalf of an older adult, whether the individual lives in the community or in a care facility. Any person who believes that an older adult is being abused, neglected, exploited or abandoned may call the 24/7 elder abuse hotline: 1-800-490-8505. The reporters may remain anonymous and have legal protection from retaliation, discrimination, and civil or criminal prosecution.

Older Pennsylvania Legal Assistance Program— The Older Pennsylvanians Legal Assistance program provides access to free legal services for older adults, including counsel, advice, and representation in a case. The program can help with legal matters relating to abuse, age discrimination, guardianship defense, healthcare, housing, long-term care, Medicaid, Medicare, nutrition, social security and supplemental security income benefits and utilities. Eligibility is provided to residents age 60 or older with an emphasis on individuals with the greatest economic and/or social needs. The program is free of charge, but clients are required to pay for actual legal costs incurred, such as court costs and filing fees. The program is funded in part by the Department of Aging and is administered by the AAA.

For more information on aging services available in your community, contact your local Area Agency on Aging, visit www.aging.pa.gov/aaa

OPTIONS—The Pennsylvania Department of Aging's OPTIONS Program provides services to help Pennsylvanians who are 60 years of age and older to remain in their homes and communities. A comprehensive interview is conducted by the local Area Agency on Aging to determine eligibility and identify the consumers' unmet needs. A Care Manager works closely with the consumer to develop a plan of care to address the unmet needs and coordinates the provision of services.

For more information or to apply for OPTIONS services, contact your local Area Agency on Aging

Benefits: Services available under the OPTIONS Program may include:

- Adult Daily Living Services
- Assistive/Adaptive Devices
- Care Management
- Emergent Services
- Home Health Services
- Home Modifications
- Home Support
- In-Home Meal Services

The consumer's cost share fee is based upon countable monthly income on a sliding scale. Financial verification is required to receive services.

INFORMATION / CONTACT

PA Link to Aging and Disability Resources—The PA Link assists older adults (over 60) and individuals with disabilities by providing information and connecting them to the supports and services they need (non-medical and medical) to live safely in their homes and communities. It is a coordinated network of partners that allows an individual to initiate contact with any PA Link partner and access needed information, assistance, resources, or next step in the process. The No Wrong Door approach attempts to minimize duplication of efforts by both individuals and providers, thereby streamlining access, reducing confusion, preserving resources, and creating a safety net for the most vulnerable. The PA Link:

- Informs and connects individuals that are aged 60+ and individuals with disabilities to local long-term services and support resources.
- Provides objective information and one-on-one assistance to streamline access to community services and supports.
- Diverts individuals from more costly forms of care such as nursing facility and hospital re-admissions.
- Empowers people to make informed decisions about long-term services and supports, maintaining independence and aging in place.
- Contributes to a one-stop-shop approach to accessing long-term services and supports.

For more information, please call the PA Link Call Center at 1-800-753-8827

Pennsylvania Caregiver Support Program—The goal of the Caregiver Support Program is to reduce caregiver stress by offering support and financial reimbursement for certain caregiving out-of-pocket expenses ranging from respite care to supplies related to caregiving. Caregivers are assigned a Care Manager from their local Area Agency on Aging who assesses their needs in the caregiving role, provides emotional and educational support including local support groups and technical assistance, and manages financial reimbursement provided to the caregiver. Modifications to the home, such as installation of a chair lift or a wheelchair ramp, or assistance with the purchase of an assistive device may be approved on a case-by-case basis if they are necessary for providing support to the caregiver. Pennsylvania's Caregiver Support Program is designed for individuals who are

The following individuals may qualify for benefits:

- A caregiver age 18 and older who is the primary caregiver for a functionally dependent individual age 60 and older or an individual of any age who has a diagnosis of Alzheimer's disease or related disorder.
- A caregiver age 55 and older caring for an individual age 18-59 who is related by blood, marriage or adoption, with a non-dementia disability.
- A caregiver age 55 and older who is not the biological parent but is the primary caregiver for, and related by blood, marriage or adoption to, a child under the age of 18.

INFORMATION / CONTACT

Pennsylvania Long-Term Care Ombudsman—The State Long-Term Care Ombudsman Program advocates for and empowers individuals receiving long-term care services in both community-and facility-based settings. An ombudsman visits individuals who reside in long-term care facilities to advocate for those who cannot do so on their own. The ombudsman's mission includes providing residents with information on their rights as consumers and helping them exercise those rights, pursuing remedies to their concerns, and advocating for the strict enforcement of long-term care standards.

To contact the Pennsylvania Long-Term Care Ombudsman Program for program details, or to see how you can support your local Ombudsman Program, call the local Area Agencies on Aging (AAAs) or the State Office at 717-783-8975.

Pennsylvania Medicare Education and Decision Insight (PA MEDI)—Apprise has been rebranded to now called be PA MEDI and is the Pennsylvania Department of Aging's State Health Insurance Assistance Program (SHIP). Trained counselors provide free, objective information to help Medicare beneficiaries and those nearing Medicare eligibility to explore their Medicare choices. The program helps individuals understand their health insurance options in order to make informed decisions about their health care coverage. APPRISE counselors are thoroughly trained in Medicare and can also provide local, personalized information about Medicaid, Medigap, Medicare Advantage Plans, Part D prescription drug plans, financial assistance programs, and long-term care insurance. Counselors also understand Medicare rights and protections and can assist beneficiaries file Medicare appeals.

Call the toll-free Helpline at 1-800-783-7067.

Pharmaceutical Assistance Contract for the Elderly (PACE)—PACE, PACENET and PACE Plus Medicare are Pennsylvania's pharmacy assistance programs for older adults, offering low-cost prescription medication to qualified residents aged 65 and older. They cover most medications that require prescriptions, including insulin, insulin syringes, and insulin needles. PACE and PACENET are administered by the Pennsylvania Department of Aging and are funded by the Pennsylvania Lottery.

Act 47 – Municipalities Financial Recovery Act (MFRA)—Act 47 empowers the department to declare certain municipalities as distressed and provides grants and loans through the Financially Distressed Municipalities Revolving Loan Fund to aid in the recovery process. The fund assists municipalities in recovery from conditions which caused them to become financially insolvent. The resources provided by the MFRP are vital to municipalities that experience severe financial distress, to ensure their ability to provide for the health, safety and welfare of their residents. After a municipality is designated as distressed, a recovery plan coordinator, funded by the program, is designated. The coordinator develops a comprehensive fiscal recovery plan for the municipality, assists the municipality to implement the plan and monitors the recovery process. The recovery plan addresses all operational aspects of the municipality and includes strategies to revitalize the local economic base and corresponding tax base through development of effective public-public and public-private partnerships and targeted state funds and action. Loans made under the program are repaid into the Revolving Fund and are then used to make additional loans and grants for other distressed municipalities. Grants are used to implement key recovery plan objectives. Eligibility: Financially distressed local governments.

INFORMATION / CONTACT

The Department of Conservation and Natural Resources (DCNR) Bureau of Recreation and Conservation (BRC) provides a single point of contact for communities and nonprofit conservation agencies seeking state assistance through its Community Conservation Partnerships Program (C2P2) in support of local recreation and conservation initiatives. This assistance can be in the form of grants, technical assistance, information exchange and training. All of DCNR's funding sources are combined into one annual application cycle (generally early spring), and there is a single application format and process with one set of requirements and guidelines. Some C2P2 applications are selected for funding through the Federal Land and Water Conservation Fund Program or the Pennsylvania Recreational Trails Program, which require some supplemental information to address federal requirements. To obtain assistance, contact one of DCNR's BRC six Regional Offices.

Please refer to the website at www.dcnr.state.pa.us/brc/grants/index.aspx for grant specifics and up-to-date information on each grant program and our grant opportunities at <https://brcgrants.dcnr.pa.gov/Pages/Opportunities.aspx>

All-Terrain Vehicle (ATV) Projects—Grants are awarded to projects that assist with the planning, acquisition of land, development, rehabilitation, maintenance, purchase or lease of equipment for maintenance and construction, and development of educational programs related to ATV trails and facilities. Eligible applicants include municipalities, nonprofit organizations, and for-profit organizations. These grants do not require a match, but additional consideration will be given to projects that do have match. Grant funding comes from the ATV Management Restricted Account as authorized by Act 97 of 2016.

More information can be obtained at www.dcnr.pa.gov/Communities/Grants/TrailGrants/Pages/default.aspx

Circuit Rider—BRC provides financial assistance for county, regional or multi-municipal organizations to hire a professional full time recreation and/or conservation staff person. The Circuit Rider's purpose is to coordinate, compliment, initiate and expand new programs and services either countywide or across multiple municipalities that individually do not have the financial resources to hire a professional staff person. The intended result of such a hiring is the increased ability of county and local officials to more efficiently and effectively meet their recreation, and conservation needs. The project encourages intergovernmental cooperation through a written agreement that enables communities and organizations to pool their financial resources to support the full time professional staff person.

More information can be obtained at www.dcnr.state.pa.us/cs/groups/public/documents/document/dcnr_017037.pdf

Community Parks and Conservation—Community Parks and Conservation grants are awarded to municipalities and authorized nonprofit organizations for community recreation, park and conservation projects. These include planning for comprehensive recreation, park open space and greenway plans; land conservation and stewardship plans; swimming pool and indoor recreation facility feasibility studies; master site development plans; land acquisition for active or passive parks and conservation purposes; and new development and rehabilitation of parks and recreation facilities. Most projects require a 50 percent match, which can include a combination of cash and/or non-cash values.

RESOURCE / GRANT

Land Trust Projects—Land Trust grants are awarded to pre-qualified land trusts and conservancies to fund projects for open space and natural areas planning and acquisition. Priority is given to protecting critical habitat; creating connections to other natural, cultural, historic or recreational areas; protecting and enhancing water resources; and protecting climate-resilient landscapes. These grants require a 50 percent match via either cash or a land donation of equal non-cash value.

Partnerships Grant Program—State and regional partnerships grants are available to advance Pennsylvania's Statewide Comprehensive Outdoor Recreation Plan, Pennsylvania's Heritage Areas Program and the Conservation Landscape Program. Partnerships program categories include: education and training activities; special purpose planning; implementation projects; and mini-grant programs. Match is based upon the funding source and level of available funding.

Pennsylvania Recreational Trails (PRT) Program—Grants are awarded to federal and state agencies, municipalities, nonprofit and for-profit organizations to assist with the construction, rehabilitation and maintenance of trails and trail-related facilities, the purchase or lease of equipment for maintenance and construction, and the development of educational materials and programs for both motorized and non-motorized recreational trails. These grants require a minimum 20 percent match, which can include a combination of cash and/or non-cash values.

Peer Grants—Peer grants are awarded to help municipalities improve their park, recreation and conservation services through a collaborative process. Projects are accomplished through contracts with experienced park, recreation and conservation professionals from nearby communities who will work closely with local leaders. Examples include projects that form new intergovernmental recreation and park agencies; improving management of a specific facility like a community center, trail or pool; conducting an overall management assessment of an agency's park and recreation services; park and recreation board training and development, etc. The applicant must provide at least a 10 percent local cash match. Non-cash match is not accepted for peer-to-peer projects.

Rivers Conservation—The purpose of this funding is to develop or implement watershed/river-corridor conservation plans. Priority is given to applications that propose the implementation of recommendations from river or watershed plans on the Pennsylvania Rivers Registry. The bureau will consider early implementation development projects for funding in watersheds not linked to a Rivers Conservation Plan if the project can stand on its own merits and presents a significant and/or unique opportunity that connects communities to their rivers and advances the goals of the Rivers Conservation Program. These grants require a minimum of a 50 percent match, which can include a combination of cash and/or non-cash values.

Snowmobile Projects—Grants are awarded to projects that assist with the planning, acquisition of land, development, rehabilitation, maintenance, purchase or lease of equipment for maintenance and construction, and development of educational programs related to snowmobile trails and facilities. Eligible applicants include municipalities, nonprofit organizations, and for profit organizations. These grants do not require a match, but additional consideration will be given to projects that do have match. Grant funding comes from the Snowmobile Management Restricted Account as authorized by Act 97 of 2016.

Trails Program—Grants are awarded to municipalities and nonprofit construction, rehabilitation and maintenance of trails and trail-related facilities. For the purposes of this program, trails are defined as a designated land or water corridor with public access that provides recreation and/or alternative transportation opportunities to motorized and/or non-motorized users of all ages and abilities. To be considered a "trail project," at least 75 percent of the total project cost must be related to trail activities and/or trailside facilities. These grants require a minimum of a 50 percent match, which can include a combination of cash and/or non-cash values.

VOLUNTEER FIRE ASSISTANCE GRANT PROGRAM

Bureau of Forestry Grants—This grant provides financial and technical assistance to State Foresters in cooperative efforts to organize, train and equip local forces in rural areas or communities with a population under 10,000 to prevent, control and suppress fires that threaten human life, livestock, wildlife, crops, pastures, orchards, woodlands, farmsteads or other improvements in rural areas. The key objective of this program is to save lives and protect property in unprotected or inadequately protected rural areas.

WILD RESOURCE CONSERVATION PROGRAM (WRCP)

Wild Resource Conservation Program—The Wild Resource Conservation Program awards grants for biodiversity research, conservation and education. While the exact grant priorities vary from year to year, the focus is on research and conservation needs of Pennsylvania's native flora and non-game wildlife. Most of the funds available through this grant program come from the Environmental Stewardship Fund; therefore, applicants must be counties, municipalities or tax-exempt 501(c)(3) organizations.

RESOURCE / GRANT

INFORMATION / CONTACT

The Department of Drug and Alcohol Programs (DDAP) develops and implements a plan for the control, prevention, intervention, treatment, research, education, and training aspects of substance use disorder and problem gambling in Pennsylvania. The department works closely with other state agencies, counties, policy makers, treatment providers and other stakeholders to ensure that quality prevention, intervention, rehabilitation and treatment programs are available throughout Pennsylvania.

Drug and Alcohol Treatment and Prevention—Programs are implemented, and services are provided through grant agreements with the 47 Single County Authorities (SCAs) who, in turn, contract with service providers. SCAs provide administrative oversight to the local contracted programs funded with state and federal funds, including the Substance Abuse Prevention and Treatment Block Grant funds.

Pennsylvania's Get Help Now Hotline: 1-800-662-HELP. The hotline is a free, confidential, 24/7, 365-day-a-year treatment referral and information service (in English and Spanish) that will connect individuals and/or family members directly to treatment or support services.

The Department of General Services (DGS) MISSION: To help government operate more efficiently, effectively and safely, delivering exceptional value for all Pennsylvanians.

WHAT WE VALUE:

- **Customer Care** – We are committed to understanding our customers' goals and contributing to their success. Our customers educate our children, protect our health and environment, build our infrastructure, regulate our commerce and assist our neighbors and communities in need across Pennsylvania. They do vital, important work, and we are proud to be a part of it.
- **Quality & Innovation** – There is always a better way to do something. Our passion is finding it and putting it into practice.
- **Integrity** – We earn the public's trust by holding ourselves to the highest ethical standards every day, no exceptions
- **Diversity, Inclusion and Small Business Opportunities** – How we do business impacts our communities. We are working to build a more inclusive economy in Pennsylvania.
- **Our Team** – We support each other's personal and professional growth, because they are essential to our mission in a rapidly changing and increasingly challenging environment.

COSTARS—The commonwealth's cooperative purchasing program makes it easier and more cost-effective for local public entities and certain nonprofits registered within the DGS to purchase a broad selection of goods and services from COSTARS-designated contracts.

For more information, including a complete list of registered communities and organizations eligible to purchase (members), COSTARS-designated contracts and awarded suppliers, call 1-866-768-7827, email: gs-pacostars@pa.gov or visit www.dgs.pa.gov/COSTARS/Member-Information/Pages

The Federal Surplus Property Program—Offers a limitless variety of property to municipalities and other nonprofit organizations within Pennsylvania. From paper to vehicles, from computers to building supplies, DGS can help meet your needs while saving money with surplus. Property available in inventory is viewable at the Harrisburg warehouse or online. Requests for any specific property that may not be in current inventory are also accepted so the department can find it elsewhere and arrange for its direct allocation to your location. The property itself is donated by the federal government; however, a service charge is incurred to cover the state's cost of administering the program.

The 1033 Excess Property Program—Provides Pennsylvania local law enforcement agencies an excellent opportunity to acquire excess Department of Defense (DOD) equipment and supplies to use in the line of duty. Clothing, office equipment, computers, rescue equipment, vehicles and many other items can be acquired to protect the men and women who serve the community. The property is donated by the federal government and requires compliance. An annual fee based on the number of officers (starting at \$400/year) enables agencies to acquire property all year without a charge.

The 1122 New Property Program—Provides Pennsylvania agencies and units of local government access to federal sources of supply to purchase equipment to support counter-drug, homeland security, and emergency response activities. Because of its volume purchasing power, the federal government receives tremendous discounts on many of these items. DGS researches the federal contracts and provides quotes. A service charge of 4% of the purchase price up to \$50,000, or \$500, whichever is less, is incurred. For purchases above \$50,000 but less than \$100,000, the service charge is \$750; and for purchases valued greater than \$100,000, there is a \$1,000 service charge.

The Fixed Price Sales Vehicle Program—Offers General Services Administration (GSA) fleet vehicles for sale before these vehicles go to public auction. Cars, trucks, vans, alternative fuel vehicles, pick-up trucks, ambulances and firetrucks with low mileage and only one prior owner are all available. View current inventory online or submit a request for a specific vehicle.

The State Surplus Property Program—Offers commonwealth-owned office equipment and supplies for sale to the general public. All items are sold at various locations throughout the state or through an online auction. Online auctions are managed by www.GovPlanet.com/PA and www.GovDeals.com. Additionally, semi-annual Pennsylvania Department of Transportation (PennDOT) heavy equipment sales of off-road equipment, bridge equipment, dump trucks, and other road maintenance equipment are conducted. A private municipal sale is held first prior to the items being offered to the general public. To register for the private municipal heavy equipment sale, please register online at www.GovPlanet.com/muni

Transportation Security Administration (TSA)—Voluntarily confiscated items and lost and found property such as pocket knives, sporting equipment, jewelry, tools, belts and other miscellaneous items are offered for sale to the general public online at Government Surplus Auctions - www.GovDeals.com

Used Vehicle Auctions—Provides the public with opportunities to purchase commonwealth used vehicles. Bi-monthly auctions are conducted at the Manheim Central Penn Auto Auction in Grantville, Pennsylvania.

Pennsylvania GreenGov Council—The GreenGov Council (Council) works with agencies of the commonwealth to reduce energy consumption, carbon emissions and improve the sustainability of its operations. We strive for continuous improvement in efficiency and performance to achieve these goals. The Council works to demonstrate leadership-by-example principles; sharing best practices, policies, tools, resources, and strategies which may transfer to local government and other private sector entities seeking similar outcomes.

Heart Disease and Stroke Prevention Program— This program is committed to implementing best practice initiatives to achieve the following: Reducing the risk of development of heart diseases and stroke, delaying the progression and reducing the occurrence of first and subsequent cardiovascular events in persons with known risks.

PA Medical Home Initiative— The Medical Home Initiative (MHI) is a project of the Pennsylvania Department of Health and the Pennsylvania Chapter of the American Academy of Pediatrics. The MHI fosters a medical home approach to primary care.

NeuroResource Facilitation Program for Brain Injury Services— The NeuroResource Facilitation Program (NRFP) was created with funding from the Administration of Community Living's Traumatic Brain Injury State Implementation Partnership Grant. NRFP is a service that helps individuals 18 and older with traumatic brain injuries and their family members identify and navigate brain injury resources, services, and supports.

Obesity Prevention and Wellness Program— The purpose of this program is to increase health related physical activity through population-based approaches, improve those aspects of dietary quality most related to the population burden of chronic diseases and unhealth child development and decrease prevalence of obesity.

Oral Health Program— The mission of the Oral Health Program is to promote good oral health as an integral part of the well-being of all Pennsylvania citizens, reinforcing the concept that you cannot be truly healthy without good oral health.

PA Child Death Review Program— The mission of the Pennsylvania Child Death Review (CDR) program is to promote the safety and wellbeing of children and reduce preventable child fatalities. This is accomplished through timely reviews of child deaths. Information obtained from the reviews is used to determine how future deaths can be prevented.

Violence and Injury Prevention Program— The Violence and Injury Prevention Program (VIPP) aims to prevent death and disability from intentional and unintentional injury by assessing the incidence of injury and developing programs that reduce risk of injury. Services are provided through a contracting process with various grantees from across Pennsylvania.

Shaken Baby Syndrome Program— Shaken Baby Syndrome (SBS) is the term used to describe the signs and symptoms resulting from a child being shaken. SIDS and Infant Death Program—The Pennsylvania Infant Death Program seeks to minimize the devastating impact of an infant death on affected families and to reduce the incidence of Sudden Infant Death Syndrome (SIDS), suffocation and strangulation through a public education campaign.

Adult Community Autism Program (ACAP)—The Adult Community Autism Program, also known as ACAP, is one of two programs in Pennsylvania specifically designed to help adults with autism spectrum disorder participate in their communities in the way that they want to, based upon their identified needs.

Employment and Job Training for Public Assistance Recipients—This program oversees employment programs throughout Pennsylvania for cash and Supplemental Nutrition Assistance Program (SNAP) recipients through contracts with organizations qualified to offer such services.

Family Support Programs Grants—Grants that are competitively awarded to community-based organizations who will provide home visiting and/or family support services to pregnant women and vulnerable young children and promote economic self-sufficiency for families; the healthy development of children; positive child development through effective parenting, early intervention, outreach activities; and preservation of the family unit as the foundation for success for children. These grants are available through a combination of state and federal funds. DHS issues requests for applications for five-year grant funding periods.

HealthChoices—The name of Pennsylvania's managed care programs for Medical Assistance recipients. Through physical health Managed Care Organizations, recipients receive quality medical care and timely access to all appropriate physical health services, whether the services are delivered on an inpatient or outpatient basis. The Department of Human Services' Office of Medical Assistance Programs oversees the Physical Health component of the HealthChoices Program. Through the behavioral health Managed Care Organizations, recipients receive quality and timely access to appropriate mental health and drug and alcohol services. This component is overseen by the Department of Human Services' Office of Mental Health and Substance Abuse Services. If you are 21 or older and have both Medicare and Medicaid, or receive long-term supports through Medicaid because you need help with everyday personal tasks, you'll be covered by Community HealthChoices This component is overseen by the Department of Human Services' Office of Long-Term Living.

Home and Community-Based Services (HCBS) Programs— Sometimes referred to as "waiver" programs. These programs provide funding for supports and services to help people live in their home and community. HCBS programs offer an array of services and benefits such as qualified providers, due process, and health and safety assurances. The name waiver comes from the fact that the federal government "waives" Medical Assistance/Medicaid rules for institutional care in order for a Pennsylvanian to use the same funds to provide support and services for people closer to home or in their own communities. In Pennsylvania, the DHS administers 7 Medical Assistance/Medicaid waivers, the Adult

Homeless Assistance Program—HAP is a county-directed program that offers a variety of supportive services to individuals and families experiencing or at risk for homelessness and who can demonstrate that, with HAP intervention, they will be able to meet their basic housing needs in the near future. The Commonwealth of Pennsylvania funds HAP through an annually state-funded block grant. The DHS Office of Income Maintenance (OIM) administers HAP and allocates a portion of the block grant funds to each county with the expectation that counties will design homeless assistance programs that meet HAP goals within the parameters outlined in the HAP I & R

Low Income Home Energy Assistance (LIHEAP)—Assistance to help individuals and families pay for winter heating bills. Two types of statewide grants are offered: cash and crisis. Cash grants are issued once per LIHEAP season to help pay heating bills and are based on income, family size, type of heating fuel and heating region. Crisis grants are awarded to households with heating emergencies, such as a shut off notice, an empty fuel tank or less than two weeks' worth of fuel, or mechanical breakdowns of heating equipment. Neither grant must be repaid. No lien is placed on the property of households obtaining the grants.

The program opens in November and closes in early April or whenever funds are depleted, whichever occurs first.

Pennsylvania eHealth Partnership Program—PA eHealth coordinates public-private efforts to securely share clinical information among healthcare providers and between healthcare providers and state government agencies. Clinical information sharing supports improved patient and population health, reduced healthcare costs, and compliance with state and federal regulations. PA eHealth offers grants to help healthcare providers connect to the Pennsylvania Patient and Provider Network (P3N) via certified private sector health information organizations.

PA Projects for Assistance in Transition from Homelessness (PATH) Grant—PATH links a vulnerable population who experience persistent and pervasive health disparities to mainstream and other supportive services. Collectively, these efforts help individuals experiencing or at risk of homelessness who also have a serious mental illness secure safe and stable housing, improve their health, and live a self-directed, purposeful life. OMHSAS distributes funds to 24 county/joinder MH/ID program offices covering 36 of PA's 67 counties to provide PATH services. PATH grants are authorized under Section 521 et seq. of the Public Health Service Act, as amended.

Statewide Adoption and Permanency Network (SWAN)—SWAN is a partnership among public and private agencies, judges and the legal community, foster and adoptive parents to build a better collaborative adoption process in Pennsylvania. SWAN serves children in the custody of county Children and Youth agencies who have a goal of adoption. These are children with special needs and finding an adoptive family may be a bigger challenge.

The Supplemental Nutrition Assistance Program (SNAP)—SNAP is a federal nutrition program that provides nutrition benefits to supplement the food budget of needy families so they can purchase healthy food and move towards self-sufficiency. Parties that are eligible for SNAP can purchase food using benefits that are issued to them monthly. The DHS Office of Income Maintenance (OIM) determines eligibility for SNAP benefits and issues those benefits through the Electronic Benefits Transfer (EBT) system.

Temporary Assistance for Needy Families (TANF)—TANF is a time limited program that assists families with children when the parents or other responsible relatives cannot provide for the family's basic needs. The Federal government provides grants to States to run the TANF program. States use TANF funds to issue monthly cash assistance payments to eligible, low-income families with children. The Federal government gives states broad flexibility to carry out their programs regarding design, the type and amount of assistance payments, and the range of other services to be provided.

RESOURCE / GRANT

Business Education Partnership Grants—These grants fund programs that allow school districts to collaborate with local business and local workforce development boards to educate students, parents and guardians regarding high-priority occupations and career pathways. The programs create partnerships with educators, employers, parents/guardians and students to provide career-related experiences, exposure to different workplace opportunities and knowledge regarding opportunities in the Commonwealth. Local Workforce Development Boards throughout Pennsylvania are encouraged to apply.

Clean Energy Workforce Development Grants—The Clean Energy Workforce Development Grant program (Clean Energy Grant) aims to ensure that businesses and job seekers remain competitive in this sector over the next decade through increased connections to local partners and training opportunities, deployment of work-based training models and upskilling methods and expanded access to career pathway development in the industry.

Digital Literacy and Workforce Development Grants—Digital Literacy and Workforce Development grants provide funds to support effective programs that prepare individuals for improved job search capabilities and greater access to employment postings, to gain access to employment with family-sustaining wages, and to increase communities' infrastructures for providing foundational digital literacy skills. Acquiring these skills will prepare Pennsylvania job seekers and employees for success in the 21st Century labor market.

Next Generation Industry Partnership Grants—Next Generation Sector Partnerships are partnerships of businesses, from the same industry and in a shared labor market region, who work with education, workforce development, economic development and community organizations to address competitiveness needs of the targeted industry. These grants provide funds to support the development, launch, implementation, and technical assistance of Next Generation Industry Partnerships that are demand-driven in addressing the workforce, economic development, and educational needs of Pennsylvania industries. Next Generation Industry Partnerships are partnerships of businesses who work with economic development, education, workforce development, and community organizations to address the overall competitiveness and needs of a targeted industry.

Nursing Pathway Apprenticeship Industry Partnership Program Grants—Supports the convening of Nursing Pathway Apprenticeship Industry Partnerships in low- or moderate-income communities and to guide the development and registration of healthcare apprenticeship programs, with an emphasis on nursing occupations, through group sponsorships. The goal is to blend the Apprenticeship and Industry Partnership models by supporting the creation of Nursing Pathway Apprenticeships using an Industry Partnership approach throughout the commonwealth.

PA CareerLink® Resources—PA CareerLink® is a one-stop shop for individuals seeking employment or training, as well as employers looking for new talent. It's all part of the Pennsylvania Department of Labor & Industry's initiative to transform the landscape of how jobseekers find family sustaining jobs and how employers find the skilled candidates that they need. Through this initiative, a user-friendly, premiere job-matching system has been created to help bridge the gap that currently exists between jobseekers and employers. Jobseekers have the ability to search and apply for job openings across the Commonwealth or narrow it down to their own town. You can create and upload a resume and make yourself available to thousands of employers.

PennSERVE Grant Opportunities—Each year, PennSERVE awards approximately \$12 million in federal funding from the AmeriCorps agency to AmeriCorps programs in Pennsylvania. PennSERVE provides funding to organizations across Pennsylvania to utilize AmeriCorps as a tool to address local issues in key focus areas, including economic opportunity, education, disaster preparedness, environmental stewardship, healthy futures, and veterans and military families. Organizations with AmeriCorps funding develop multi-year AmeriCorps programs and recruit, place, and supervise AmeriCorps members to carry out specific and impactful service activities.

Schools-to-Work Program Grants—Working in partnership with schools, this competitive grant program aims to support the establishment or enhancement of a workforce development partnership between schools, employers, organizations, or associations to create employment and training pathways. The project proposal must create learning opportunities for participating students, including classroom training, workplace visits, internships, apprenticeships, mentorships, employment opportunities, special education transition, Capstone Cooperative Education, job shadowing or externships.

Unemployment Compensation Program—The Unemployment Compensation (UC) program provides temporary income support if you lose your job through no fault of your own, or if you are working less than your full-time hours. If you qualify, you will receive money for a limited time to help you meet expenses while you seek new employment. To be eligible for UC benefits, you must be a worker who performed services that are covered by the Pennsylvania UC Law.

UC Navigator Grants—Through community partnerships, the UC Navigator Grant is designed to improve UC access for all Pennsylvania workers, but especially the following groups: Immigrants and refugees in Pennsylvania's biggest urban centers (Philadelphia and Pittsburgh); individuals in low-income communities with limited access or familiarity with technology; and individuals with disabilities. Funds awarded to community organizations may be used for outreach and education (classes, workshops, seminars), educational equipment, staffing, training, and vendor costs (translation services, print/mail).

Veterans Employment Program Grants— This program supports initiatives across the Commonwealth of Pennsylvania (PA) that innovatively and creatively address barriers to employment facing veterans. Eligible applicants include Local Workforce Development Boards, non-profits and non-governmental entities community-based organizations, education and post-secondary organizations, labor organizations, business associations, and economic development entities.

Vocational Rehabilitation Services— The Pennsylvania Office of Vocational Rehabilitation, or OVR, provides vocational rehabilitation services to help persons with disabilities prepare for, obtain, or maintain employment. Services are very individualized and are provided both directly and indirectly through a network of approved vendors. The OVR counselor, during face-to-face interviews, assists customers in selecting their choice of vocational goals, services and service providers.

Types of Vocational Rehabilitation Services

OVR provides a wide range of services to eligible applicants. OVR services include:

- **Diagnostic Services:** Medical, psychological, and audiological examinations and tests used to better understand your disability and your needs for specific types of services.
- **Vocational Evaluation:** Aptitude, interest, general ability, academic exams, work tolerance, and “hands-on” job experience used to understand your vocational potential.
- **Counseling:** Vocational counseling will help you to better understand your potential, to rely on your abilities, to set realistic vocational goals, to change them when necessary, to develop successful work habits, and to begin a satisfying career. Counseling is available throughout your rehabilitation program.
- **Training:** Education to prepare you for a job including, but not limited to, basic academic vocational/technical, college, on-the-job training, independent living skills, and personal and work adjustment training.
- **Restoration Services:** Medical services and equipment such as physical and occupational therapy, wheelchairs, and automobile hand controls can be provided to enable you to pursue and achieve employment.
- **Placement Assistance:** Counseling, job-seeking programs, job clubs, and job development are used to increase your ability to get a job. You will receive ideas, practice, and advice on finding job leads, filling out applications, getting interviews for a job, and how to interview. Your counselor may also give you job leads or contact employers about available tax credits and hiring incentives. The more contacts with employers you make, the better your chances are of finding a job.
- **Assistive Technology:** Assistive technology includes a wide range of devices and services that can empower persons with disabilities to maximize employment, independence

Workers' Compensation Services—The Pennsylvania workers' compensation program was established to reduce injuries and provide lost wages and medical benefits to Pennsylvania employees who become ill or injured through the course of their employment so they can heal and return to the workforce. The workers' compensation system protects employees and employers. Employees receive medical treatment and are compensated for lost wages associated with work-related injuries and disease, and employers provide for the cost of such coverage while being protected from direct lawsuits by employees. Workers' compensation coverage is mandatory for most employers under Pennsylvania law.

Workforce Development & Local Workforce Development Boards—Pennsylvania's workforce development system enables businesses and workers to compete in the worldwide, knowledge-based economy. The workforce system enhances employer competitiveness and innovation while preparing Pennsylvanians for jobs that pay in an economy that grows, supports families and businesses. Pennsylvania's Local Workforce Development Boards, or LWDBs, are part of our public workforce system – a network of state and local providers and programs that support local and regional economic development, and the education and training of Pennsylvania's workforce. The LWDBs work closely with L&I's workforce development program, the PA Workforce Development Board and regional stakeholders to ensure Pennsylvania workforce and employer – locally, regionally and statewide – are met. There are 22 LWDBs in Pennsylvania. The Department of L&I offers various grant opportunities to LWDBs as federal or state funds become available.

technology fee. The part-time grant for members who may or may not possess a bachelor's degree is the tuition per credit or \$322 per credit, whichever amount is less per semester, plus a \$20.00 per credit technology fee. EAP recipients can receive funding up to 10 full-time semesters (120 credits) or the equivalent. Eligible EAP members can continue to use EAP benefits if the eligible member continues service in the PNG beyond their initial six-year service agreement until the EAP benefits are exhausted. Members deployed to a combat zone have EAP time eligibility extended for a period of one year, or for one additional month for each month of service, whichever is longer. Eligible EAP members ordered to active federal service or active state duty have EAP time eligibility extended for one additional month for each month of service after being discharged or released under honorable conditions from the PNG. Eligible members discharged because of a line of duty injury will have an extended EAP deadline for six years from the date of the medical discharge.

Incentives, Credits, and Programs—Pennsylvania offers a variety of tax incentives, credits and programs to eligible Pennsylvania residents and businesses. These tax credits, economic development programs refund/rebate opportunities and incentive programs provide economic assistance and tax reductions to individual and business taxpayers.

Property Tax/Rent Rebate Program—The rebate program benefits eligible Pennsylvanians age 65 and older; widows and widowers age 50 and older; and people with disabilities age 18 and older. The income limit is \$35,000 a year for homeowners and \$15,000 annually for renters, and half of Social Security income is excluded. About 525,000 older Pennsylvanians and residents with disabilities are expected to benefit from the program this year.

HOMEOWNERS CAN RECEIVE:

Income	Standard Rebate
\$0 to \$8,000	\$650
\$8,001 to \$15,000	\$500
\$15,001 to \$18,000	\$300
\$18,001 to \$35,000	\$250

RENTERS CAN RECEIVE:

Income	Standard Rebate
\$0 to \$8,000	\$650
\$8,001 to \$15,000	\$500

The maximum standard rebate is \$650, but supplemental rebates for qualifying homeowners can boost rebates to \$975. The Revenue Department automatically calculates supplemental rebates for qualifying homeowners. The Property Tax/Rent Rebate Program is one of five programs supported by the Pennsylvania Lottery. Since the program's 1971 inception, older and disabled adults have received more than \$7.3 billion worth of property tax and rent relief. The expanded portion of the rebate program is paid for with revenue from slots gaming.

Research and Development Tax Credit—A taxpayer who incurs Pennsylvania qualified research and development expenses in a taxable year can apply for a research and development tax credit. Businesses qualifying for the federal research and development tax credit and making research and development investments in Pennsylvania are eligible. A tax credit is granted based on the company's increased research and development expenses over a base period. The credit is applicable to corporate net income, capital stock/foreign franchise and personal income tax liabilities. Unused credits may be carried forward for up to 15 succeeding taxable years. The total amount of tax credits approved per fiscal year is limited to \$55 million. If the total amount of tax credits applied for by all taxpayers exceeds the limitation on the amount of tax credits in a fiscal year, the tax credit to be received by each application shall be allocated by business status: 80% of the credit or \$44 million will be allocated to large businesses and 20% of the credit or \$11 million will be allocated to small businesses.

Cosmetology and Barber Licensure Through Career and Technical Education (CTE) Pilot Program—This program provides additional opportunities for students in cosmetology and barber Career and Technical Center (CTC) programs to earn educational hours and practical experience. The pilot consists of three major components by which cosmetology and barber CTC students may earn educational credit toward their respective 1,250-hour instruction requirements: (1) up to 650 hours of distance education, including practical skills review; (2) up to 350 hours of internships and job shadowing; and (3) the remainder to come from traditional in-person instruction. The pilot program will remain available to cosmetology and barber CTC students through the 2021-22 school year, subject to further extension by the Departments of State and Education.

A Guide to Business Registration—Associations and individuals desiring to do business in Pennsylvania may have to apply to the Secretary of the Commonwealth for authority to conduct business, incorporate, organize, or file an assumed or fictitious name. Through the Bureau, the Secretary of the Commonwealth files documents evidencing various kinds of business transactions. The Bureau may assist in registration of businesses or in obtaining information on existing businesses.

Governor's Civic Engagement Award—The Governor's Civic Engagement Award is presented by the Pennsylvania Departments of State and Education. The award celebrates the efforts of Pennsylvania high school students to educate, engage and inform their fellow students about how to get involved in the voting process. There are three award distinctions: Gold (presented to schools where 85% of eligible students are registered to vote), Silver (presented to schools where 65% of eligible students are registered to vote), and Student Poll Worker Award (presented to students who participate in a voter registration at their school and serve as a poll worker).

PA Online Voter Registration and Mail-in and Absentee Ballot Application—Registering to vote in Pennsylvania is easy and convenient. There are 4 convenient ways to register to vote: online, by mail, in person at your county office, or at PennDOT and some other government agencies. Online registration is convenient, secure and accurate. You must register to vote at the address where you actually live – your residence address. Owning property or a business in a county does not make you a resident of that county.

Professional Licensing Guides—The Department of State is responsible for licensing and regulating hundreds of different professions as part of its mission to protect, preserve and improve the health and safety of Pennsylvania's citizens through the licensing and regulation of occupational and health professionals. To provide the greatest clarity on the licensing process from start to finish, the Department of State's website breaks it down into three phases, providing estimated times for each stage of the process, and recommendations for how to reduce processing times.

Automated Red Light Enforcement (ARLE) Transportation Enhancements Grant Program— In October 2010, PennDOT established as identified within the Pennsylvania Vehicle Code [75 Pa.C.S. §§3116(1)(2), 3117(m)(2), and 3117(m)(2.1)], a Transportation Enhancement Grant Program also known as the ARLE Funding Program. In 2021, funds from Automated Speed Enforcement Systems under 75 Pa.C.S. §3370(m)(2) were added to the program. Details regarding the ARLE Funding Program can be found in the Pennsylvania Code (Title 67; Chapter 233; Transportation Enhancement Grants from Automated Red Light Enforcement System Revenues) and the Program Guidelines on the PennDOT Traffic Signal Portal (<https://www.dot.state.pa.us/signals>). The ARLE Funding program is a competitive application and reimbursement grant program focused on low-cost safety and mobility improvements in which projects are managed by applicants unless otherwise determined by the department. PennDOT accepts applications for the ARLE Funding Program annually between June 1 and June 30. The application period is announced in the Pennsylvania Bulletin each May. Applicants are required to obtain the latest electronic grant application and fill out appropriately.

Who May Apply: Local authorities (counties, municipalities, and other local/ boards or bodies having authority to enact laws relating traffic); Metropolitan Planning Organizations (MPOs); Rural Planning Organizations (RPOs); County planning organizations; Commonwealth agencies
Use: The ARLE Funding Program prioritizes safety enhancements considering both PennDOT's Safety Network Screening methods for the project location and Crash Modification Factors associated with proposed improvements.

Funds: Funding for the program is generated from the net revenue of fines collected through Automated Red Light Enforcement Systems. Grant applications are accepted annually during the month of June.

BUREAU OF MUNICIPAL SERVICES

Agility Program—This innovative, streamlined program is designed to make the most of limited resources by exchanging services between PennDOT district and county maintenance offices and public procurement units such as municipalities, charitable hospitals, school districts, metropolitan and rural planning organizations, volunteer fire departments, law enforcement agencies, state and federal government agencies, community colleges, etc. Agility allows the exchange of services, instead of money, between PennDOT and eligible partners. For example, PennDOT may patch potholes along a township road in exchange for having the township's crew mow along state roads. The program enables local governments to accomplish more than they could have with their own limited resources and increases our collective effectiveness and efficiencies for the general public.

Agility agreements have a contract life of five years with a three-year renewal clause for a total of eight years. The exchange of services must be of a reasonably equal value, detailed on a single-page work plan, and approved by PennDOT, the partner and AFSCME.

Contact—Bob Snyder at 717-783-9661 or email: rolsnyde@pa.gov

Highway Transfer (Turnback) Program—The commonwealth enacted Act 70 in July 2006 amending Act 32 of 1983, authorizing an increase in the annual maintenance payment rate for all turnback roads from \$2,500 per mile to \$4,000 per mile. This annual maintenance payment is made in perpetuity for the maintenance of the roadway and is paid to municipalities on March 1 of each year. The objective of this program is to transfer the ownership of state-owned roads and bridges that predominantly carry local traffic, carry low numbers of vehicles on a daily basis, and/or would better serve the community if operated under municipal jurisdiction. PennDOT either rehabilitates the roadway before the transfer takes place or provides the municipality with funding to rehabilitate the roadway to a satisfactory condition. Local officials must adopt a resolution authorizing the acceptance of the transfer. Each PennDOT district office has a turnback coordinator who can provide more information and assist local governments interested in participating in the program.

PennDOT's Local Technical Assistance Program—PennDOT's Local Technical Assistance Program offers local governments practical training in efficient maintenance, essential traffic safety, and sound management practices for their roadways and bridges. Training is supplemented by one-on-one technical assistance via phone, email and site visits and through publications highlighting recent practical technological advances. Most LTAP services are available at little or no cost to municipalities to help them meet their transportation needs.

BUREAU OF PUBLIC TRANSPORTATION

Federal 5311 Rural Transit Operating Assistance—This federally funded program is administered by the Bureau of Public Transportation. This program provides state and federal funds for public transportation projects serving rural communities with populations less than 50,000. The purpose of these funds is to address the mobility needs of Pennsylvania's rural population. Section 5311 grants are intended to provide access to employment, education, health care, shopping, and recreation. Applicants typically are either political subdivisions of the commonwealth (i.e., county, city, borough, township, etc.) or local transportation authorities incorporated under the Pennsylvania Municipal Authorities Act of 1945.

Application Deadline: May 1

Contact—Anthony Stever at 717-783-9559
or email: astever@pa.gov

Public Transportation Operating Assistance—State funding is provided to help cover the operating costs of the 35 transit systems offering fixed-route public transportation in the commonwealth. Routine maintenance of facilities and vehicles is also eligible under this program. Funding is distributed based on a legislative formula. Local matching funds must be provided in order to receive funding.

Application Deadline: May 1

Asset Improvement Program – Funds are distributed based on need as determined by the department. This program requires a local match.

Capital Improvement Program—Funding distributed by formula to transit agencies based on ridership. This program requires no local match. Act 89 of 2013 terminated new funding for this program as of December 31, 2013. Only funds deposited in the account as of December 31, 2013 are available.

Community Transportation Capital Equipment—State and federal funds are available annually for the purpose of replacing and/or upgrading equipment used to provide community transportation/shared ride services.

Federal 5311 Rural Transit Capital Assistance—This federally funded program is administered by the Bureau of Public Transportation. This program provides for public transportation capital projects serving rural communities with populations less than 50,000. State and federal funds are available annually for the purposes of replacing and/or upgrading equipment used to provide Rural 5311 operating services. Applicants typically are either political subdivisions of the commonwealth (i.e., county, city, borough, township, etc.) or local transportation authorities incorporated under the Pennsylvania Municipal Authorities ACT of 1945. This program does require a local match.

Intercity Bus Assistance Program—PennDOT issues a multi-year grant to the Susquehanna Regional Pennsylvania Transportation Authority (d.b.a. rabbittransit) to manage and operate the Intercity Bus Assistance Program. Rabbittransit contracts with private carriers to operate scheduled, intercity service along routes which are essential links in the regional/statewide network of intercity bus services, but which cannot be financially supported solely from user fares. This program is funded by federal dollars, which are leveraged by the use of in-kind state investment in the Commonwealth's multimodal transportation system.

Intercity Rail Passenger Program—PennDOT contracts with AMTRAK for rail passenger service in the Philadelphia-to-Harrisburg (Keystone) and Philadelphia-to-Pittsburgh (The Pennsylvanian) corridors to complement services provided within the commonwealth by AMTRAK as part of their national rail passenger service network. Capital improvements and operating costs may be supported under this program.

New Initiatives—Funds may be available for capital funding for new or expanded fixed-guideway systems that use and occupy a separate right of way or rail used exclusively for public transportation or high occupancy vehicles. This program will require local matching funds.

Rural Persons with Disabilities Program—This program provides reduced fares on shared-ride, advance reservation, curb-to-curb transportation services for persons with disabilities in all counties except Philadelphia. The program pays up to 85 percent of the trip fare if the trip is not eligible under any other funding program. To qualify for the reduced fare, persons with disabilities must present proof of disability to the local shared-ride provider in their county. Passengers must reserve their trip at least one day in advance, be willing to share the vehicle with other riders, and pay 15 percent of the full shared-ride fare.

Section 5310 Private Nonprofit (PNP) Vehicle Grant Program — Private, nonprofit organizations may apply for federal grants to fund 80 percent of the cost of wheelchair-accessible vehicles and other related transportation equipment. The remaining 20 percent must be provided by the applicant. Public transit agencies are also eligible for funding under this program. Additional information can be found at: 5310 PNP Applicant Instructions.pdf

Shared Ride Program for Senior Citizens—This program enables senior citizens 65 and older to use shared-ride, advance reservation, curb-to-curb services and pay only a small percentage of the regular shared-ride fare. A senior citizen or a sponsoring agency pays 15 percent of the regular shared-ride fare and State Lottery proceeds administered by the department are used to reimburse the participating service provider up to 85 percent of the fare. There are no restrictions on the hours of use other than the service hours of the transportation providers. A person must be at least 65 years of age to qualify for reduced-fare transportation on a participating transit system. Passengers must reserve their trip at least one day in advance, be willing to share the vehicle with other riders, and pay any fare remaining after the lottery and sponsor contributions.

Transit Research and Demonstration Projects—Funding is available for technical assistance, research projects, and short-term demonstration projects. Local transportation organizations and municipalities/counties are eligible to apply for this funding. Local funds equal to at least 3.33 percent of the state grant must be provided.

Welfare to work (w2w)—State funds are available annually for the purpose of reducing transportation-related barriers that prevent low-income individuals (incomes less than 200 percent of the Federal Family Poverty Income Guidelines) from accessing employment and being dependable workers. Eligible applicants are county/municipal governments (except Allegheny and Philadelphia) and local transportation organizations/authorities.

CENTER FOR PROGRAM DEVELOPMENT AND MANAGEMENT

PennDOT's Twelve Year Program—FundThe Twelve Year Program (TYP), which is the commonwealth's official transportation program, is a multimodal, fiscally constrained program of transportation improvements spanning a 12-year period. Multimodal means that the TYP includes all travel modes including highways, bridges, public transit, aviation, rail, and bicycle and pedestrian. PA State Law, Act 120 of 1970, as amended, requires PennDOT to prepare, update and submit Pennsylvania's TYP every two years to the State Transportation Commission for their review and approval. The first four-year period of the Twelve-Year Program also serves as the State Transportation Improvement Program (STIP). The STIP is submitted to the Federal Highway Administration/Federal Transit Administration for approval following STC's approval of the TYP. The development of the program is coordinated with PennDOT's Metropolitan Planning Organizations (MPOs) and Rural Planning Organizations (RPOs).

Keystone Scholars—Keystone Scholars jumpstarts educational savings by automatically providing a \$100 investment for children born in 2019 and after to Pennsylvania residents, including children who are adopted. Families are mailed instructions on how to activate the child's account approximately five months after birth. The program uses no taxpayer money, and the funds are invested by Treasury to grow as the child grows.Keystone Scholars accounts can be used to help pay for a wide variety of qualifying technical, collegiate, and apprenticeship educational expenses once a child turns 18. Families who decide to save additional money for future educational expenses can consider a PA 529 College and Career Savings Program account and watch both accounts grow side-by-side.

Unclaimed Property and Military Decorations—The Pennsylvania Treasury is working to return more than \$4 billion in unclaimed property in its care to the rightful owners. Unclaimed property is any financial asset that has been left with a "holder," such as a bank, insurance company or other business or organization, without activity or contact for multiple years. By law, holders must transfer unclaimed property to Treasury after a certain number of years (three years, in most cases). The most common types of unclaimed property are savings or checking accounts, stocks, dividends, uncashed checks, certificates of deposit, unclaimed insurance benefits, and contents of safe deposit boxes. CENTER FOR RURAL PENNSYLVANIA

www.rural.palegislature.us

RESOURCE / GRANT

INFORMATION / CONTACT

The Center for Rural Pennsylvania is a bipartisan, bicameral legislative agency that serves as a resource for rural policy research within the Pennsylvania General Assembly. The Center's mission is to promote and sustain the vitality of the state's rural and small communities by: Administering grants to conduct research on matters relating to rural conditions; maintaining and disseminating a broad base of information on rural trends and conditions; publishing research and project results; and sponsoring regional and statewide forums on rural issues. Visit the Center's website to read the reports and view upcoming forums.

Research Grants—As part of the Center's yearly Research Grant Program, the Board of Directors approves topics for research projects. All projects must show a clear relationship to one or more of the Center's mandated research areas, which are: rural people and communities; economic development; local government finance and administration; community services; natural resources and the environment; rural values and social change; educational outreach; agriculture; and health and welfare concerns. In addition to research grants, mini grants are also awarded.

Eligibility: Grants are awarded to qualified faculty members of Pennsylvania State University, the Pennsylvania State System of Higher Education (PASSHE) universities, and the regional campuses of the University of Pittsburgh. Partnerships with other academic institutions, community organizations, and public and private agencies are encouraged.

Research Grant Program: One-year grants are awarded to conduct applied policy research or to identify local strategies that can result in legislative or program policy considerations or recommendations. The maximum allowable grant award is \$50,000 per project.

Mini Grant Program: Mini Grants are awarded to projects that focus on basic data collection and analysis, time-sensitive issues, and/or the preparation of reference materials. Projects supported as Mini Grants are a maximum of nine months in duration and are eligible for a maximum of \$15,000 in Center support.

OFFICE OF THE BUDGET

RESOURCE / GRANT

Redevelopment Assistance Capital Program (RACP)—The state’s RACP program is designed to aid community and economic development projects throughout the commonwealth that demonstrate significant economic impacts to local and regional economies. The RACP program operates as a reimbursement program for eligible project costs including, but not limited to, construction, land acquisition, permitting, and any interest costs paid during construction. A RACP scope of work must include a construction component and cannot be 100% land reimbursement. Capital projects eligible for RACP funding must have a total project cost of at least \$1 million, with a required minimum of 50 percent participation in non-state match.

The process for securing RACP funds begins with the inclusion of a line item authorization for a specific project in the state’s Capital Budget, allocating a certain amount of funding to the project. Act 77 of 2013, Act 45 of 2017, and Act 25 of 2020 amended the Capital Facilities Debt Enabling Act, decreasing the commonwealth’s debt ceiling by a combined \$700 million with an additional \$50 million annual reduction starting in 2018 until \$3.1 billion of outstanding obligations is reached.

Applicants who have an authorized and eligible project will need to submit an e-Application through the DCED Electronic Single Application website during an open funding round window. All submissions that pass an initial review of eligibility and completeness will be sent to the Administration. Once a project is selected, based on final approval of the Governor, an award letter will be sent detailing the amount of the RACP award and instructions to submit a formal Application and Business Plan for the RACP grant to the Office of the Budget for further processing. Successful applicants are required to notify the Office of the Budget within 30 days of receipt of an Award Letter as to whether or not they are accepting the grant award.

RESOURCE / GRANT

INFORMATION / CONTACT

The Governor's Office of Homeland Security helps to administer two federal grant programs for law enforcement agencies and nonprofit organizations within the Commonwealth. The Homeland Security staff can assist with the application process and recipient project planning.

Operation Stonegarden (OPSG)—Grants from OPSG enhance law enforcement preparedness and operational readiness along the borders of the U.S. Grant awards are intended to promote cooperation and coordination between local, tribal, territorial, state and federal law enforcement agencies. Eligible Recipients: Erie County is the only PA jurisdiction eligible to receive OPSG funds.

Details about Operation Stonegarden are available from the U.S. Department of Homeland Security website or by calling GOHS at 717-346-4460.

Urban Area Security Initiative - Nonprofit Security Grant Program (NSGP)—UASI-NSGP grants help nonprofit organizations, which are at a high risk of terrorist attack, with security and preparedness activities. A goal of the program is to integrate nonprofit preparedness activities with the broader state and local preparedness efforts and to promote communication between public and private organizations. Eligible Recipients: Nonprofit organizations that are at high risk of terrorist attack and are located within a specific UASI-eligible urban areas. In Pennsylvania, Philadelphia and Pittsburgh are the only designated UASI areas. The Philadelphia UASI includes Bucks, Chester, Delaware, Montgomery and Philadelphia counties. The Pittsburgh UASI includes Allegheny, Armstrong, Beaver, Butler, Fayette, Westmoreland and Washington counties.

Funding: The total amount distributed throughout the U.S. for fiscal year 2013 was \$9 million. The maximum award is \$75,000.

Application Process: Nonprofit organizations email applications to the PA Homeland Security office. Applications are checked for completeness, format and content. The applications are then sent to the Philadelphia UASI Executive Committee for scoring according to criteria set by the federal Department of Homeland Security (DHS). The UASI scores the applications and returns them to the PA Homeland Security office, who prioritizes all submissions, and submits them to DHS/FEMA. PA Homeland Security receives notification from DHS as to which applicants received an award.

Timeline: Application and guidance kits are released by DHS in December. Homeland Security immediately sends the kits the UASI areas, and all the nonprofits we have contact with. Application submissions from nonprofit organizations are due back to the Homeland Security office by early April. The commonwealth sends the applications to the associated UASI for scoring after the scoring sheets are returned to the office for submission to DHS by late April or early May. Awards are announced 90 days later. Recipients have 36 months to complete the projects identified in their applications.

More Information: Details about the Urban Areas Security Initiative Nonprofit Security Grant Program are available from the U.S. Department of Homeland Security website or by calling PA Homeland Security at 717-346-4460.

RESOURCE / GRANT

Arts In Education (AIE) Division—The Arts in Education Division of the Pennsylvania Council on the Arts provides funding through 14 regional partners for arts in education programs and projects. Regional partners train, place, and evaluate artists for residencies in schools and educational settings. To determine the appropriate regional partner, please go to www.arts.pa.gov. Who Can Apply—Funding is available to Pennsylvania schools, institutions, arts organizations, government agencies, local arts agencies, institutions of higher education and other not-for-profit, tax-exempt organizations with 501(c)(3) status are eligible for AIE funding. Organizations receiving support through other funding areas of the PCA also are eligible to apply for AIE funding. For information and application assistance, contact your local AIE Partner organization. Regional Partners have rolling deadlines. Early school year application is encouraged as funding is limited.

Creative Sector Flex Fund—This new grant program for the 2023-2024 fiscal year is designed to address the changing needs of dynamic PA arts organizations with average annual revenue between \$10,000 - \$200,000. This grant program incorporates the current needs of the field by offering grantees the flexibility to use \$5,000 grants in ways that ensure the most significant impact for their organizations and communities. Eligible uses of grant funds include but are not limited to operating or programming expenditures. Who can apply – Funding is available to a nonprofit, tax-exempt corporation, or a unit of local government (counties, cities, boroughs, townships, and municipal authorities). Pre-K -12 public, private and parochial schools including all charter schools are NOT eligible. (K-12 schools should contact the Arts in Education Program of the PCA for other opportunities).

Creative Entrepreneur Accelerator Program—This program is designed to pair access to existing small business consulting services with financial resources up to \$2,000 for creative entrepreneurs who aspire to start their own for-profit business or who operate an existing for-profit micro business.

Statewide Creative Catalyst Grants—This funding opportunity is designed to encourage and support projects and events that have the potential for statewide impact on the arts and creative sector. Statewide Creative Catalyst grants are not designed to provide ongoing support or to fund projects that occur on an annual or regular basis, but rather to help support special events or unique, strategic opportunities. Applications will be reviewed quarterly by PCA staff; funding recommendations will be presented and voted on at the PCA's quarterly Council meetings. Eligibility—Organizations must be nonprofit, tax-exempt corporations, a unit of government; college or university; school district or non-arts nonprofit providing arts programming and/or arts services in Pennsylvania.

PENNSYLVANIA DEVELOPMENTAL DISABILITIES COUNCIL

www.paddc.org • facebook.com/PADDC • twitter.com/paddcouncil

RESOURCE / GRANT

The Pennsylvania Developmental Disabilities Council

(PADDC)—PADDC is a group made up of people with disabilities, family members, advocates and state department representatives who work to create favorable conditions for people with developmental disabilities and their families in the commonwealth. Created under the Federal Developmental Disabilities Assistance and Bill of Rights Act and Governor’s Executive Order, the council is both a planning group and a funding body. PADDC envisions a commonwealth comprised of inclusive communities where all people with disabilities are valued and thrive. The council’s work is broad, and its activities are many. The council engages in advocacy, systems change and capacity building with people with developmental disabilities and their families in order to:

- Support people with disabilities in taking control of their own lives
- Ensure access to goods, services, and supports
- Support communities so that all people belong
- Empower people with all disabilities
- Promote the understanding of the life experiences of people with disabilities
- Pursue equity for all people

The Pennsylvania Developmental Disabilities Council concerns itself with trends at the local and national levels that may have an influence in the lives of people with disabilities and/or their families. By carefully watching and examining trends and new developments, the council is up-to-date on ways to support people with disabilities and families right here in Pennsylvania. The council is always seeking thoughts and ideas from concerned citizens regarding issues that affect the lives of people with developmental disabilities and creative ideas for tackling these issues in Pennsylvania. For more information contact the council.

HOW DO ORGANIZATIONS GET GRANTS FROM THE COUNCIL?

The council funds proposals from groups and organizations through a competitive bid process. All grant activities of the council are governed by the council’s federally approved state plan and by the procurement requirements of the U.S. Department of Health and Human Services and the Commonwealth of Pennsylvania. Grants are typically available for only short periods of time and are generally for specified activities. The council periodically announces Requests for Applications (RFAs) and issues notices of funding for smaller grants through its Community Small Grants. It does not have discretionary funds beyond those publications. The council only accepts proposals for the projects described in the RFA booklet and in response to notices of funding for the Community Small Grants. The RFA booklet contains descriptions of projects that the council will be funding and instructions on how grant proposals must be written to meet the council’s requirements. People on the council’s mailing list receive the booklet and/or notice of an RFA in the mail. Other copies of the booklet are distributed by hand or accessed on the council’s website.

PENNSYLVANIA EMERGENCY MANAGEMENT AGENCY (PEMA)

www.pema.pa.gov

RESOURCE / GRANT

Assistance to Firefighters Grant (AFG) Program— This program assists rural, urban, and suburban fire departments throughout the U.S. Funds are used to increase the effectiveness of firefighting operations, to improve firefighter health and safety programs, and to establish or expand fire prevention and safety programs.

Disaster Assistance Grant Programs—PEMA is the point of contact for required forms when a state and federal disaster has been declared. Individuals can readily obtain the following forms: Individual Assistance Forms, Public Assistance Forms, Federal Public Assistance References and Forms, and Hazard Mitigation Forms.

Emergency Management Performance Grant— This grant provides the necessary direction, coordination and guidance, and assistance to support a comprehensive all-hazards emergency preparedness system. This program provides up to 50 percent of the salary and benefits of approved emergency management agency job positions. All 67 counties are eligible to apply. This grant requires a 50 percent county match.

Fire Company and Emergency Medical Service Grant Program— Grants range from \$2,500 to no more than \$15,000 per fire company applicant, or more than \$10,000 per emergency medical service, unless the applicant is comprised of two groups that had previously merged.

Hazardous Materials Emergency Preparedness Planning and Training Grants— The purpose of this grant program is to increase effectiveness in safely handling hazardous materials accidents and incidents, enhance implementation of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA), and encourage a comprehensive approach to emergency training and planning by incorporating unique challenges of responses to transportation situations. All 67 counties are eligible to apply. These grants require a 20 percent county match; the match may be accomplished with county or state Hazardous Materials Response Fund grants, or as a “soft-match,” such as the value of in-kind contributions. Counties may receive grants in both planning and training programs. Grants under this program are on a reimbursable basis expenditures are reimbursed after completion of activities or contractual obligations.

Hazardous Materials Response Fund— The fund is designed to provide supplemental emergency preparedness funding for chemical emergency plans by Local Emergency Planning Committees (LEPCs) and industry, acquisition of hazardous materials response team equipment, public Right-to-Know education, chemical industry awareness and compliance, and training and exercises. All 67 counties are eligible.

RESOURCE / GRANT

Ralph W. Abele Conservation Scholarship Fund—The Ralph W. Abele Conservation Scholarship Fund awarded its first scholarship in 1991. Each year the fund awards between \$1,000 and \$2,000. These awards will assist a worthy young man or woman in pursuing their education at approved institutions of higher learning in one of the environmental disciplines, such as fisheries, forestry, ecology, wildlife management or environmental resource management.

Sinnemahoning Creek Watershed Restoration Grant Program—Provides funds to develop and implement projects that benefit fishing, boating, and aquatic resources in Cameron, Elk, Potter and McKean counties, with primary emphasis on projects within the Sinnemahoning Creek Watershed upstream from the confluence of the First Fork of Sinnemahoning Creek.

State Wildlife Grant (SWG) Program—Provides federal monies for high- priority conservation projects for endangered, threatened and at-risk species across Pennsylvania. The 2015-2025 Pennsylvania Wildlife Action Plan serves as the blueprint for guiding decisions on where to direct funds for conservation actions in Pennsylvania. Priority topics can change yearly. A media release will announce when there is a call-for-projects; check the PFBC website for information.

Tulpehocken and Quittapahilla Watershed Grant Program—Funds for this program are used to support projects that benefit fisheries and aquatic habitats in these watersheds.

Valley Creek Watershed Grant Program—Provides funding for the restoration of the Valley Creek Watershed in Chester County, Pennsylvania.

York and Lancaster Counties Habitat Improvement Grant Program—Funds for this program are used to support projects that benefit habitat improvement and sediment reduction projects in these counties.

R3 Education Grant Program—Recruitment, retention, and reactivation (R3) of anglers and boaters is important to the Commission. The PFBC welcomes applications for the development and delivery of education programs that contribute to the Commission's efforts to: retain current anglers and reactivate former anglers; and increase the diversity of Pennsylvania's angler population. The R3 Grant will reimburse qualifying organizations up to \$25,000 for eligible program expenses. The grants require a minimum of 25% cash or in-kind match of staff time and/or other project expenses. Requests for amounts greater than \$25,000 may be considered. School districts, universities and colleges, community and civic groups, sportsmen's and conservation organizations, and local recreation departments may apply.

PENNSYLVANIA GAME COMMISSION

www.pgc.pa.gov

RESOURCE / GRANT

Private Landowner Assistance Program—A team of Pennsylvania Game Commission biologists is ready to assist landowners in making their properties more attractive for wildlife, particularly species of greatest conservation need. This program aids interested landowners in developing habitat management plans in each of the state's six geographic regions. This program is custom-made for landowners who are interested in creating, preserving, or enhancing wildlife habitat. Although the plans focus on species of concern, a wide variety of species often benefit from these habitat plans once they are implemented. There is no charge for participating in the program, nor is there a public access requirement. Biologists will follow-up their planning effort by checking with participating landowners to see if they have questions or need additional direction.

Report Findings of Endangered or Threatened—If you find endangered or threatened species in places where you suspect they haven't been detected by the Pennsylvania Game Commission—a new eagle nest, wood rat colony, etc.—please report what you know to your local regional Pennsylvania Game Commission office or through email. A list of endangered and threatened species can be found at www.pgc.pa.gov/Wildlife/EndangeredandThreatened/Pages/default.aspx.

LOCAL SHARE DISTRIBUTION

In addition to the tax rate on gross gaming revenue owed to the Commonwealth as a result of casino gaming, the Gaming Act provides for a local share distribution from various forms of gaming to enhance the community by sending additional monies to municipal, county, and state governments. The tax rate is expressed as a percentage of gross gaming revenues as defined in the pertinent sections of the Act. How much money—and where that money goes—is highlighted below:

Slot Machine Local Share at a Category 1, 2, or 3 facility—

The Local Share distribution is generally 4% (2% to host county and 2% to host municipality) of a Licensed Facility's Gross Terminal Revenue* subject to noted exceptions below and is distributed as follows:

Harrah's Philadelphia (Cat 1): 2% to Delaware County (4 Pa.C.S. §1403(c)(2)(i)(c)); \$10,000,000 annually to Chester City (subject to budgetary limitation) with remaining funds from the municipal 2% going back to the County (4 Pa.C.S. §1403(c)(3)(iii)).

Mohegan Sun (Cat 1): 2% to Luzerne County Commonwealth Financing Authority (CFA) (4 Pa.C.S. §1403(c)(2)(i)(d)); \$10,000,000 annually to Plains Township (subject to budgetary limitation) with remaining funds from the municipal 2% going back to the County (4 Pa.C.S. §1403(c)(3)(iv)).

Meadows (Cat 1): The 2% is distributed to each municipality in the county (except host municipality: North Strabane Township). The distribution breaks down to \$25,000 plus \$10/resident but is capped at 50% of either the municipality's 2009 or 2013 budget (whichever is greater). If monies are left over, it goes to the Washington County DCED for grants within the county (4 Pa.C.S. §1403(c)(2)(i)(e)); \$10,000,000 annually to North Strabane Township (subject to budgetary limitation) with remaining funds from the municipal 2% going back to the County (4 Pa.C.S. §1403(c)(3)(v)(a)).

Parx (Cat 1): 1% goes to Bucks County, 1% goes to Bucks County Redevelopment Authority (4 Pa.C.S. §1403(c)(2)(ii)(c)); \$10,000,000 annually to Bensalem Township (subject to budgetary limitation) with remaining funds from the municipal 2% going back to the County (4 Pa.C.S. §1403(c)(3)(v)(a)).

PHFA PROGRAMS FOR HOMEBUYERS

HFA Preferred™ Loan Program—The HFA Preferred™ Loan provides a conventional, 30-year fixed-rate mortgage with private mortgage insurance provided by a Fannie Mae-approved mortgage insurer. If the homebuyer makes a downpayment of 20 percent or more, then mortgage insurance is not required. Private mortgage insurance payments on the loan will also end as soon as the homeowner pays off 20 percent of their home loan.

Contact—PHFA's Customer Solutions Center at 1-855-827-3466 or visit www.phfa.org/programs/homepurchase.aspx

HFA Preferred Risk Sharing™ Loan Program—The HFA Preferred Risk Sharing™ Loan provides a conventional, 30-year fixed-rate first mortgage loan with no mortgage insurance. Typical conventional loans will add a premium to the monthly mortgage payment to cover the cost of this insurance. Since this additional payment is not required with HFA Preferred Risk Sharing™, the total monthly mortgage payment is typically lower than a loan with mortgage insurance included, even though the interest rate may be slightly higher.

Contact—PHFA's Customer Solutions Center at 1-855-827-3466 or visit www.phfa.org/programs/homepurchase.aspx

Keystone Government Loan (K-Gov)—The Keystone Government Loan Program provides first mortgage financing on loans insured by the Federal Housing Administration (FHA), guaranteed by Rural Development (RD), or the Department of Veterans' Affairs (VA). Homebuyer eligibility is determined by using the guidelines of the respective federal agency insuring or guaranteeing the loan. There are no income or purchase price limits specific to PHFA and there are no first-time homebuyer requirements.

Contact—PHFA's Customer Solutions Center at 1-855-827-3466 or visit www.phfa.org/programs/homepurchase.aspx

Keystone Home Loan (KHL)—The Keystone Home Loan provides a 30-year, fixed-rate home mortgage loan to eligible homebuyers. Federal Housing Administration (FHA), Department of Veterans' Administration (VA), Rural Development (RD), and conventional loan types are available. The program has a first-time homebuyer requirement in much of the state, although there are 39 targeted counties and 13 counties with targeted census tracts where the first-time homebuyer requirement is waived. The first-time homebuyer requirement is also waived for eligible veterans. Homebuyers may also qualify for downpayment and/or closing cost assistance through the Keystone Advantage Assistance Loan.

PHFA PURCHASE ASSISTANCE LOAN PROGRAMS

Access Downpayment & Closing Cost Assistance—Homebuyers receiving funds through the Access Home Modification Program may also receive downpayment/closing cost assistance through the Access Downpayment & Closing Cost Assistance Loan Program. Eligible homebuyers may receive between \$1,000 and \$15,000 in the form of a non-interest-bearing loan with no monthly payments. These assistance funds become due and payable upon the sale, transfer, or if the homebuyer fails to

occupy the home as their primary residence. The household income limit for the program is set at 80 percent of the statewide median income.

Access Home Modification Program—The Access Home Modification Program provides a non-interest bearing second mortgage loan to assist persons with disabilities or who have a family member(s) living in the household with disabilities and are purchasing a home. The program offers between \$1,000 and \$10,000 to modify the home for disability needs and must be used in conjunction with a PHFA first mortgage product. Repayment on the assistance funds is not required as long as the buyer occupies the home as their primary residence.

HOMEstead Downpayment and Closing Cost Assistance Loan—First-time homebuyers applying for a Keystone Home Loan and who also meet the income and purchase price limits of the HOMEstead program may qualify for \$1,000 to \$10,000 in downpayment and closing cost assistance in the form of a no-interest, second mortgage loan. HOMEstead assistance funds are forgiven at 20 percent per year over five years. Income limits for the HOMEstead program are at or below 80 percent of the county's median income.

Keystone Advantage Assistance Loan Program (KAAL)—The Keystone Advantage Assistance Loan Program provides a second mortgage loan to help with the costs associated with the purchase of a home. Qualified borrowers can receive up to 4 percent of the purchase price or market value of the home, up to a maximum of \$6,000. The assistance loan is interest free and is repaid monthly over a 10-year term. The Keystone Advantage Assistance Loan can be used to cover the downpayment or closing costs in conjunction with the HFA Preferred Risk Sharing™, HFA Preferred™, Keystone Home Loan (FHA, VA or RD loan types only), or Keystone Government Loan programs. It may also be combined with the Mortgage Credit Certificate (“MCC”) program.

Mortgage Credit Certificate (MCC)—A PHFA Mortgage Credit Certificate (MCC) allows homebuyers to claim a tax credit ranging from 20 to 50 percent of the mortgage interest paid per year, capped at \$2,000 annually. The certificate is a dollar-for-dollar reduction against the homeowner's federal tax liability available to qualified homebuyers in conjunction with the HFA Preferred Risk Sharing™, HFA Preferred™ or Keystone Government Loan programs. The MCC may also be combined with a Keystone Advantage Assistance Loan for downpayment/closing cost assistance. Due to the source of funds, an MCC cannot be used in conjunction with the Keystone Home Loan program. The tax credit is available for the 30-year life of the loan and only expires if the home is sold or the homeowner fails to occupy the home as their principal residence.

PHFA PROGRAMS FOR HOMEOWNERS

Homeowners' Emergency Mortgage Assistance Program (HEMAP)—This program was created to prevent widespread mortgage foreclosures and distress sales of homes which result from default caused by circumstances beyond a homeowner's control. The program provides temporary loan assistance to help bring delinquent mortgage payments current and may provide continuing assistance for a maximum of 24 or 36 months.

Contact—PHFA's HEMAP hotline at 1-800-342-2397 or visit www.phfa.org/counseling/hemap.aspx

Homeowners Energy Efficiency Loan Program (HEELP)—This PHFA product permits specific energy-related home improvements (roof replacement; caulking, sealing and insulation; heating/cooling systems repair/replacement; window and door replacements; and limited other repairs that permit federal weatherization assistance or replicate its assistance for non-eligible households). Loans are up to \$10,000 for a term of 10 years.

PHFA REFINANCE OPTIONS

FHA Streamline Refinance Loan Program—The FHA Streamline Refinance loan product allows eligible homeowners to refinance their existing FHA loan to reduce their current monthly mortgage payment. The new loan can only include the outstanding principal balance minus any applicable refund of the Up Front Mortgage Insurance Premium (UFMIP) plus the new UFMIP, up to a maximum amount of 97.75 percent of the original appraised value. Cash back to the borrower is not permitted. Any and all subordinate loans must be re-subordinated or paid off by the borrower; they cannot be paid off with the new loan. A copy of the homebuyer's repayment history verifying timely mortgage payments will be required.

Contact—PHFA's Customer Solutions Center at 1-855-827-3466 or visit www.phfa.org/programs/fhava.aspx

HFA Refinance Options—Either HFA program (HFA Preferred Risk Sharing™ or HFA Preferred™) provides a refinance option for homeowners seeking to lower their current monthly mortgage payment on their primary residence. Cash back is limited to \$2,000 or 2 percent of the balance of the new PHFA loan, whichever is less. Borrowers may be eligible for a PHFA

PHFA MULTI-FAMILY RENTAL HOUSING PROGRAMS

Low Income Housing Tax Credit Program—This program provides owners of and investors in affordable rental housing developments with tax credits that offer a dollar-for-dollar reduction in their tax liability (the credit may be taken for up to 10 years). The program also provides federal tax incentives for the development and preservation of affordable multi-family housing for families of lower income, senior citizens, handicapped individuals and homeless persons.

Contact—PHFA’s Development Division at 717-780-3876 or Tax Credit Program Department at 717-780-3948

MAP Lending—Funding for the construction, acquisition and rehabilitation of affordable rental housing is available through HUD-FHA mortgage insurance products utilizing HUD’s Multifamily Accelerated Processing (MAP). The most commonly used MAP programs are Section 223(f) and Section 221(d)(4). FHA’s commitment of mortgage insurance allows the agency to access mortgage backed security (“MBS”) guaranteed by the Government National Mortgage Association (“Ginnie Mae”). Interest rates for a Ginnie Mae guaranteed MBS are extremely competitive.

Contact—PHFA’s Development Division at 717-780-3876

PennHOMES Program—This program offers interest-free, deferred payment loans to support the development of rental housing for residents who meet income guidelines. The loans can be structured as primary or secondary mortgage loans. The sources of the funds for the program include agency reserves and federal HOME dollars provided as a sub-recipient to the Department of Community and Economic Development.

Contact—PHFA’s Development Division at 717-780-3876

Taxable and Tax Exempt Bond Financing—This program provides financing at competitive rates to developers building, rehabilitating, or preserving multifamily rental housing developments. Funding is made available through the sale of agency tax-exempt and taxable bonds. Bond financing may be coupled with the Tax Credit and PennHOMES programs.

PHARE— Pennsylvania housing Affordability and Rehabilitation Enhancement fund/Marcellus Shale— Act 105 of 2010 provided the mechanism by which certain allocated state or federal funds would be used to assist with the creation, rehabilitations and support of affordable housing throughout the Commonwealth. The PHARE Act did not specifically allocate funding but did specify the process to be used when funds became available. Since enactment, the following sources of funds have become available for utilization under the PHARE Program:

PHARE/Marcellus Shale— Act 13 of 2012 (Marcellus Shale Impact Fee) provided a source of funds to be administered through the PHARE Program. These funds can be used for a variety of purposes related to mitigating the impacts of the Marcellus Shale's Development on housing. Funding is made available to counties that have unconventional gas wells in the Marcellus Shale region, through an annual RFP process.

OTHER RESOURCES

PHFA receives numerous requests for home modifications and improvements assistance for persons with disabilities. The following outlines alternative options for modifications and assistive technology. (Some of these programs overlap with other state and federal programs.)

KeystoneHELP—Pennsylvania, in partnership with Renew Financial, offers home energy loans with fixed rates to help homeowners complete energy efficiency improvements to their homes.

Contact—www.renewfinancial.com/product/keystonehelp

Local Government—Start with your county unless you live in a larger city. Some townships and boroughs also have funds available. Phone numbers can be found in the blue, government pages of your phone book. Often the right office is a “Redevelopment Authority,” a “Housing and Redevelopment Authority or Agency,” “Weatherization Program” or a “Planning Office.” If you do not find a listing similar to this for your local government, try the general information number and explain that you need assistance with home repairs, accessibility modifications, or your specific housing issue. Funds may be available and may include: HOME, CDBG, Act 137 Funds and PA Accessible Housing Program.

There is also very limited grant funding available for senior citizens in amounts up to \$7,500.

Weatherization—This county or regional program provides grants for specific energy efficiency and heat-related repairs.

FOR ACCESSIBILITY ONLY:

Area Agencies on Aging (AAA)—Each agency offers a wide array of programs to help disabled Pennsylvanians age 60 and older and their families to get the help and information they need.

Centers for Independent Living (CILs)—Nonprofit organizations that serve throughout Pennsylvania, each Center for Independent Living (CIL) provides four core services including information and referral, advocacy, peer mentoring and independent living skills training. CILs can offer home evaluations and help you find resources to pay for home modifications and assistive technology.

Department of Veterans Affairs (VA)—This organization assists/supports veterans and service members. The VA has three types of grants available: The Specially Adapted Housing grant (SAH), currently limited to \$109,986, is generally used to create a wheelchair-accessible home. The Special Housing Adaptations (SHA) grant, currently limited to \$12,992, is generally used to assist veterans with mobility through-out their homes due to blindness in both eyes, or the anatomical loss or loss of use of both, hands or extremities below the elbow.

The Temporary Residence Adaptation (TRA)—Is a grant available to eligible veterans and seriously injured active duty service members who are temporarily living or intend to temporarily live in a home owned by a family member. For more information on the TRA grant go to www.va.gov, search: Temporary Residence Adaption, option: M26-12-Web Automated Reference Material System, Appendix F.

PA Assistive Technology Foundation (PATF)—The foundation is committed to providing borrowers with low-interest loans so they can afford home modifications and devices that make their lives easier, more productive and more independent. The interest rate is 3.75 percent for loans of at least \$1,500 and up to \$60,000. Loans of \$1,500 or less are interest free.

Self Determination Housing of Pennsylvania (SDHP)—This nonprofit organization works to expand housing options for people with disabilities in Pennsylvania. SDHP promotes self-determination and control for people with disabilities and operates the PA Accessible Housing Program in many counties of the state.

Humanities Grants—The Pennsylvania Humanities Council (PHC) is an independent nonprofit partner of the National Endowment for the Humanities and part of a network of 56 state humanities councils that spans the nation and U.S. jurisdictions. They partner with communities to make positive change through civic engagement and creating spaces that bridge political divides. Their work puts people first, celebrates the diversity of Pennsylvania, and creates opportunities for meaningful dialogue and learning that leads to action. They are a voice for PA's cultural sector-building networks, advocating for the humanities, conducting research, and sharing resources statewide. Pennsylvania Humanities' core programs include PA Heart & Soul (an approach to community planning using resident stories and conversations to spark collective decision-making and action), Teen Reading Lounge (a youth-led, nontraditional "book club" that builds skills in leadership, civic engagement, public speaking, relationship building and empathy), and Chester Made (a humanities-based initiative celebrating arts and culture in Chester). In addition, PA Humanities supports special projects such as the PA Kindness Poem Project and If You Were In The Room. During the pandemic they provided significant recovery and relief funding and support.

Brownfield Redevelopment Funding—Low-interest loans for the remediation of sites that have been contaminated by past industrial or commercial activity and pose a threat to water sources.

Clean Water State Revolving Fund—The Clean Water State Revolving Fund (CWSRF) program is a federal-state partnership that provides communities low-cost financing for a wide range of water quality infrastructure projects. The PENNVEST Clean Water State Revolving Fund (CWSRF) program provides affordable financing for wastewater and certain other projects throughout Pennsylvania for the construction, improvement, extension, expansion, repair or rehabilitation of wastewater collection, treatment or disposal facilities, storm water management, nonpoint source pollution controls including but not limited to agricultural best management practices and watershed and estuary management. The program offers low interest loans with flexible terms and principal forgiveness funds where applicable and available. Funding awards are made by the PENNVEST Board at scheduled meetings and the type and amount of funds are dependent upon the relative ranking of a project in the pool of projects, the economic need of the system and the amount of funding available for award at that meeting. PENNVEST performs similarly to a bank for the CWSRF program in Pennsylvania and manages the financial aspects of the fund, while the Department of Environmental Protection is the technical arm for the program. The seed money for the CWSRF has been distributed to states annually under Congressional authorization pursuant to the Clean Water Act of 1987. The funds and the program are administered nationally by United States Environmental Protection Agency (EPA).

Drinking Water State Revolving Fund (DWSRF) Program—Administered jointly with the PA Department of Environmental Protection, provides a resource for financing various public drinking water systems (including systems owned by for-profit entities and not-for-profit entities) for expenditures for projects which will facilitate compliance with national and state drinking water regulations or otherwise advance the health-protection objectives of the Safe Drinking Water Act. The Clean and Drinking Water State Revolving funds are funded by federal capitalization grants and State matching funds. The program offers low interest loans with flexible terms to assist a variety of borrowers for construction, expansion and maintenance of drinking water facilities (treatment plants, distribution mains, storage facilities), and improvements and upgrades to water quality systems.

Credit Enhancement Assistance—The Board has expanded the PENNVEST funding packages with the development of Credit Enhancement Assistance (CEA). Through the CEA, recipients are eligible to accept bond and/or loan guarantees for the repayment of third party loans, bond issues or other

types of financing that qualified applicants may incur to finance eligible project costs. Each deal will be specific to the project sponsor and other funding, but the term of the bond or loan guarantee will typically be 20 years from the day the guarantee goes into effect.

Commonwealth Funding—In addition to Federal EPA CWSRF and DWSRF funding, PENNVEST uses Commonwealth funding sources that are also invested into the program for funding clean water and drinking water projects. A major component to PENNVEST funding is realized through public approval of referendums that propose expenditures from state revenues to be specifically used to assist Commonwealth communities with the funding of water infrastructure projects through loans. Revenues from the Commonwealth General Obligation bonds were approved by public vote from the 1981 Referendum for \$225.4 million, the 1988 Referendum for \$300 million, the 1992 Referendum for \$350 million, and most recently, the 2008 Referendum for \$400 million. State Regulations for PENNVEST Funded Projects and special legislative acts have been issued for the purposes of providing additional funding to the PENNVEST program. Act 218 was enacted in 2004 and, among other things, provided PENNVEST with \$50 million to be used as grants for improvements to water and wastewater systems with an emphasis on nutrient reduction facilities and combined sewer overflows within. Act 68 was approved in 1999, resulting in \$171 million in PENNVEST grants issued through the Growing Greener Program. In the past, other state funds have also been invested into PENNVEST through both the initial capital budget for program start up and allocations of Commonwealth general funds.

Green Initiatives—PENNVEST actively funds Green Initiatives that promote and encourage environmental responsibility in our communities that are creative and innovative with green solutions for water quality management. These solutions can be as simple as installation of water barrels for water collection and re-use, to regional projects that reduce sediment and nutrient contamination of the Chesapeake Bay watershed by reducing storm water runoff from agricultural areas.

Growing Greener Grants—The Growing Greener initiative has created an opportunity for PENNVEST to participate in innovative ways to promote sound land use, while simultaneously improving the Commonwealth's water resources. Under this initiative, PENNVEST has grant funds available for drinking water, wastewater and storm water infrastructure projects. These are the same types of projects that PENNVEST has always funded. PENNVEST uses these grant funds in its normal funding process, making these infrastructure projects more affordable for the users who ultimately must pay for them. The PA Department of Environmental Protection reviews applicants for their own Growing Greener grant funding and

PENNVEST Military Installation Remediation/Polyfluoroalkyl Substances (PFAS) Remediation Program Guidance—The Pennsylvania General Assembly in its 1988 session passed the Pennsylvania Infrastructure Investment Authority Act (March 1, 1988, P.L. 82, No. 16), which was subsequently amended in 1992 (December 18, 2992, P.L. 1137, No. 149), 2005 (July 14, P.L. 299, No. 51) and 2013 (June 19 P.L.51, No. 16) all of which is codified at 35 P.S. Section 751.1 et. seq. (the "Act"). The Act, among other things, created the Pennsylvania Infrastructure Investment Authority ("PENNVEST") and authorized PENNVEST to establish revolving funds and accounts to administer its programs. Consequently, PENNVEST created the Clean Water State Revolving Fund ("CWSRF") to administer the federal program and funds received under capitalization grants pursuant to Section 601 of the Federal Water Pollution Control Act, 33 U.S.C. Section 1381 to fund wastewater projects and to fund projects that control nonpoint source pollution pursuant to Section 319 of the Federal Water Pollution Control Act, 33 U.S.C. Section 1329 and the Drinking Water State Revolving Fund ("DWSRF") to administer the federal program and funds received to under capitalization grants pursuant to Section 1452 of the Safe Drinking Water Act Amendments of 1996 (August 6, 1996, P.L. 104-182) to fund drinking water projects through public drinking water supply systems. PENNVEST also created a Commonwealth/PENNVEST funded revolving loan program pursuant to 35 P.S. Section 751.5(c)(2) to fund water, wastewater, stormwater and nonpoint source projects using the seed money appropriated to PENNVEST for such purposes by the Commonwealth, investment earnings, bond proceeds and proceeds of proceeds. Further, the Pennsylvania General Assembly declared in its 2019 session that there is a lack of funding and knowledge related to remediation needed at military installations to address per and polyfluoroalkyl substances ("PFAS") contamination, and that there is a need to provide proper infrastructure in the water systems serving military installations and surrounding parcels. Two programs were created, one for qualified Military Installations, and the other for PFAS remediation for public drinking water supply systems serving parcels surrounding nonqualified military installations. The latter is administered by PENNVEST, the former is administered through the Department of Revenue.

may be privately or publically owned or operated.

REGULATORY REQUIREMENTS: This section is reserved for any future federal or state PFAS regulatory requirements.

FUNDING AVAILABILITY: No special appropriation has been budgeted for this initiative. PENNVEST is directed in addition to any other program of PENNVEST, from funds available to PENNVEST, to provide grants under the PFAS remediation program. PENNVEST receives grant funds under various sources including but not limited to the Environmental Stewardship Fund, Growing Greener Plus Grants, investments, and proceeds of proceeds. PENNVEST also uses certain federal program funds for principal forgiveness. Principal forgiveness, like a grant, requires no repayment. Should PENNVEST have sufficient non-repayment capacity (combining grant and principal forgiveness funds) to satisfy all affordability based needs of funding awards in the competitive funding round, PENNVEST is directed to make available the balance of that non-repayment capacity for the award of PFAS grants to eligible applicants in that particular funding award round.

ELIGIBLE APPLICANTS: Public drinking water supply system owners or operators serving parcels surrounding nonqualified military installations where the water supply has PFAS contamination. If the operator of the system makes an application, they must be joined in the application by the system owner.

ELIGIBLE PROJECTS: Drinking water projects, as defined by the PENNVEST Act, which serve a parcel or parcels surrounding a nonqualified military installation that has PFAS contamination exceeding regulatory thresholds are eligible for this program. Such projects are also eligible for consideration for financial assistance under the traditional PENNVEST drinking water program.

FINANCING TERMS: Eligible applicants may apply for funding consideration under the traditional PENNVEST program and, if there is remaining non-repayment capacity in that funding round, it may be awarded as PFAS non-repayment.

APPLICATION PROCEDURE: All applications will be received electronically through the PENNVEST portal and processed through traditional workflows. Additionally, the following shall apply:

Applicant shall provide evidence that the drinking water system serves parcels which surround a nonqualified military installation;

Applicant shall provide evidence of PFAS contamination beyond a regulatory threshold determined to be safe for the public by the Pennsylvania Department of Environmental Protection;

PENNVEST Small Projects Guidance—While PENNVEST's traditional assistance programs meet the needs of most potential funding applicants, many lower cost projects in small communities are presently not accessing the PENNVEST program for funding, in part due to the expense in complying with additional terms tied to the funds and the time delay between application and funding offer. To address these issues, staff proposed to the Board that we provide up to \$500,000 toward costs, per project, and that the Board allocate \$15,000,000 toward the Small Project Initiative ("SPI") program in general, authorizing staff to conduct an expedited review on the applications and make the funding awards. The SPI funding awards would be in the form of low interest loans only, no extended term bond purchases, grants or principal forgiveness loan awards. The reviews and approvals would be expedited at the staff level reducing the time it takes to receive an award.

PENNVEST Homeowner On-Lot Sewage Disposal and Lateral Repair Loans—PENNVEST, in cooperation with the Pennsylvania Housing Finance Agency, provides low-cost financing to improve, replace, or repair individual on-lot sewage disposal systems or to connect, for the first time, to public sewer in order to meet public health and environmental safety standards. Eligibility: All homeowners of the Commonwealth who meet the program criteria. Detailed eligibility requirements can be obtained by contacting the Pennsylvania Housing Finance Agency or one of the participating program lenders. All privately-owned primary residences are eligible unless a community waste water collection and treatment system is either currently in place, or planned for construction within the next five years.

Contact—Pennsylvania Housing Finance Authority at 1-855-827-3466

Sublevel Revolving Loan Program—In an effort to expand access to funding for clean water projects across the Commonwealth, PENNVEST staff has been working with interested funding recipients to develop a sublevel revolving loan program (SLRLP) using the Federal Clean Water State Revolving Fund (CWSRF) to directly address smaller projects focused on local water quality priorities. Under the SLRLP, funding recipients will be able to enter into loan agreements with sub recipients to fund eligible water quality related projects and use loan repayments, plus additional interest charges and fees assessed by the funding recipient, to fund additional water quality projects, as set forth herein. The SLRLP recipient may combine the PENNVEST funding with other sources of funds to complete larger capital improvement projects, or use the PENNVEST funding as matching funds for programs where it is required. The United States Environmental Protection Agency (EPA) allows the States to utilize this tool as an option to implement the CWSRF.

RESOURCE / GRANT

INFORMATION / CONTACT

Since inception of the grants program in 1999, the Pennsylvania Liquor Control Board (“PLCB”) has awarded more than \$21.1 million in alcohol education grants to fund programs that focus on proven strategies to discourage and reduce both underage and dangerous drinking. Grants are awarded to schools, community organizations, municipalities, law enforcement organizations, non-profit organizations, institutions of higher education and for-profit institutions.

The PLCB, Bureau of Alcohol Education’s Reducing Underage Drinking and Dangerous Drinking Grant (“Grant”) offers additional resources and funding to eligible community partners to develop and enhance the PLCB’s mission to reduce underage drinking, reduce dangerous drinking by those who are of legal drinking age, and promote responsible alcohol consumption by those of legal drinking age.

Grant projects and activities should focus on the development of innovative and comprehensive programs to address underage drinking, dangerous drinking by those who are of legal drinking age, and/or to promote responsible alcohol consumption by those of legal drinking age. If the program is not innovative, then it must be evidence-based, or evidence informed. Eligible applicants are required to include an assessment to measure the program’s effectiveness and are encouraged to establish partnerships with other organizations to promote such programs.

In addition to the provision of millions of dollars in alcohol education grants to communities, educational institutions, and law enforcement agencies, the PLCB works to educate the public about the dangers of underage and dangerous drinking through a variety of other avenues, including a free annual alcohol educational conference, an award-winning prevention campaign – Know When. Know How.SM – targeted to underage drinking, the creation and distribution of a wide range of educational materials, Responsible Alcohol Management Program training and resources for licensees, Alcohol Awareness for Student Leaders and Influencers Training for all college/university student leaders, Understanding the Liquor Laws and Alcohol Related Offenses in Pennsylvania for law enforcement agencies and technical assistance for organizations working to address the issues related to irresponsible consumption.

Grant information is posted on the PLCB’s website, lcb.pa.gov. Applications for a two-year grant will be available on a biennial basis in even-numbered years (i.e., 2022-2024; 2024-2026; etc.).

Applications from eligible applicants will be reviewed and evaluated by the PLCB. Priority will be given to those applications proposing novel, high-impact projects, especially those utilizing social media and/or other technology-driven concepts.

The Grant application shall describe a scope of work that does not exceed the two-year grant cycle. Grant programs and activities may carry over from year-one to year-two; however, approved funds from year-one are not transferable to year-two.

The Grants are awarded to eligible applicants on a competitive basis and are capped at \$20,000.00 per fiscal year, totaling a maximum award of \$40,000 per grant cycle, per eligible entity.

INFORMATION / CONTACT

The Pennsylvania Public Utility Commission balances the needs of consumers and utilities to ensure safe and reliable utility service at reasonable rates; protects the public interest; educates consumers to make independent and informed utility choices; furthers economic development; and fosters new technologies and competitive markets in an environmentally sound manner.

The Pennsylvania Public Utility Commissions Office of Communications offers an online Electric and Gas Supply Shopping tool for consumers through **www.PAPowerSwitch.com** and **PAGasSwitch.com**. Both websites allow consumers to enter their zip code to see the competitive offers and prices available in their area. Other features include: a Spanish language companion site, consumer alerts emails, weekly updates on suppliers and prices available; a printable version of the zip code-searchable supplier list; and brochures and ways to save energy are available on the website. This information can be mailed upon request.

PAPowerSwitch and PAGasSwitch are just some of the many educational tools the PUC offers. PUC fact sheets, brochures, speaking engagements, roundtable discussions and conferences are other successful ways to help consumers shop wisely for utility services or learn about energy assistance programs. Public outreach events are conducted by our Senior Communications Specialists, Shari A. Williams at 215-560-6901 or email: shariwilli@pa.gov and Christina Chase-Pettis at 717-772-8884 or email: cchasepett@pa.gov.

For more information or to schedule an educational workshop, seminar, staff training, consumer education event, presentation or speaking engagement, please contact our specialists directly or email consumered@pa.gov.

ENERGY ASSISTANCE PROGRAMS

Budget Billing—All residential customers may contact their electric or natural gas company and request budget billing at any time. Each monthly bill will be the same amount. The company may adjust the bill four times a year, up or down, depending on the customer's usage.

Customer Assistance Program (CAP)—CAPs can lower your monthly utility bill. CAPs may also remove the amount you already owe. Each company has a CAP and works with the customer to determine what the customer can pay versus the cost of energy used.

Customer Assistance Referral and Evaluation Program (CARES)—The CARES program helps customers with special needs. CARES may help you find ways to pay your utility bill. For example, special needs are customers who are experiencing family emergencies, divorce, unemployment or medical emergencies. The goal is to provide support and direction to help customers pay their utility bills.

Hardship Funds—Utility companies have hardship funds that provide cash assistance to utility customers to help them pay their utility bills. Hardship funds provide assistance grants to customers who “fall through the cracks” of other financial assistance programs, or to those who still have a critical need for assistance after the other resources have been exhausted.

The funds make payments directly to companies on behalf of eligible customers.

Low-Income Usage Reduction Program (LIURP)—LIURP helps low-income residential customers lower the amount of electricity or natural gas used each month. Typically, the company may install energy saving features in your home to help reduce bills. For example, a smaller bill means your payment covers a greater portion of the bill or perhaps covers the whole bill.

Assistance Qualifications—Customers must meet certain income limits and be payment-troubled to qualify for CAP, CARES, LIURP and Hardship Funds. Payment-troubled usually means customers have made a payment agreement with the company. The chart below shows the income level customers must meet for CAP. The income levels are slightly higher for LIURP, CARES and Hardship Funds. Customers who meet these limits, should call their local electric or natural gas company for details to see if you qualify. Each company's toll-free number is listed below.

2022 Household Size Monthly Income:

• 1 person	\$1,699	6 persons	\$4,649
• 2 persons	\$2,289	7 persons	\$5,239
• 3 persons	\$2,879	8 persons	\$5,829
• 4 persons	\$3,469	For each additional person, add \$590	
• 5 persons	\$4,059		

Low-Income Home Energy Assistance Program (LIHEAP) LIHEAP is a federal program that provides financial assistance to low-income households to pay energy bills. In Pennsylvania, LIHEAP is administered by the PA Department of Human Services (DHS) and consists of three components:

- **Cash Benefits:** Helps low-income customers pay their home energy bill.
- **Crisis:** Helps low-income customers meet home emergency situations and restore services if service has been shut off.
- **Weatherization:** Helps qualified low-income customers reduce their energy consumption through home improvements.

NOTE: Low-income customers who qualify for Cash and Crisis can receive both. Your household income must be within certain limits to qualify. These limits are listed on the DHS website at www.dhs.pa.gov. If you have more questions about LIHEAP, you may call your local county assistance office or the toll-free LIHEAP hotline at 1-866-857-7095 (individuals with hearing loss may call the TDD number at 1-800-451-5886).

UNIVERSITY CITY SCIENCE CENTER

www.sciencecenter.org

RESOURCE / GRANT

The University City Science Center—The University City Science Center accelerates technology commercialization, regional economic development, and the market availability of life enhancing scientific breakthroughs by bringing together scientists, entrepreneurs, funding, and business services. Established in 1963 and headquartered in Philadelphia, the Science Center offers a menu of commercialization programs that support innovative companies and science research projects across Pennsylvania.

Life Sciences Founders Fellowship Program—Since 2022, this program has offered academic researchers the mentoring, business advice, and technical assistance they need to commercialize their early-stage life science and healthcare technologies. The Founders Fellowship provides business development support and a one-year stipend for academic researchers at institutions in Pennsylvania focused on bio-technology use-inspired research with life science and healthcare technologies with high commercial potential. The structure of the program begins with a six-month immersive experience (Phases I and II) followed by six months of the Fellows applying lessons learned to their bio-tech ventures and building their companies with the support of the UCSC Commercialization team (Phase III). The experiences will address the two topics most commonly missing from existing entrepreneurial training programs for academics: 1) company building and 2) private capital and investment. Each participant will be expected to commit at least 20 hours per week to the program over the 12-month project period. Fellowship participants will be housed within the UCSC startup incubator known as ic@3401 in Philadelphia.

Support includes business mentorship to help researchers develop a business plan and investor pitch, tailored advice from legal and regulatory specialists, and access to industry experts and investors. Up to five researchers a year are competitively selected for the Founders Fellowship, which includes a one-year stipend and business development support. The Science Center selects researchers developing technologies that have clear product potential in the life science and healthcare markets. The program is open to bio-technology researchers from academic institutions in Pennsylvania as well as program graduates with a Master's level degree or higher in a STEM field who are living in Pennsylvania.
